A CRISIS REACHED

China Must Permit Mr. Conger Free Communication With Home Government.

WILL NOT HALT RELIEF FORCE

Washington, Aug. 2.— The state department, having made public today the correspondence with Li Hung Chang relative to the release of the ministers at Pekin, and the position of this government being officially disclosed as one of unalterable opposition to the institution of negotiations in advance of free communication with the ministers at Pekin, it is believed that a crisis has been reached, diplomatically speaking, in the Chinese situation.

If the Chinese government decides to accept Secretary Hay's terms, it must do so very promptly and its answer may be forthcoming at any moment.

Otherwise the march on Pekin proceeds. Neither the military nor naval commanders at Tien Tsin or Taku have advised the government here of the reported forward movement of the international force.

The officials would not be surprised at the lack of report, even were the march already under way, owing to the delays in telegrams between Tien Tsin and Che Foo. Doubt is expressed here, however, as to the actual forward movement in force, owing to the lack of cavalry and artillery. It is stated that military practice would not warrant the forward movement of the entire international command until thorough reconnoisance had been made of the country in the immediate front.

Moreover, it is said the column would not start forward as a whole, but in detached bodies, leaving a considerable force at the base—Tien Tsin. The last advices from any official source that have been received by the state department regarding the strength of the international force were to the effect that it numbered 28,000 men of all arms.

This has since been increased by at least one regiment and one battery of United States troops; by 250 United States marines, and by an unknown number of Japanese troops, but the impression is that the aggregate strength of the column is not above 50,000 men.

This, however, is regarded by our government as quite sufficient for the purpose of an immediate advance, and holding that view, it has lost no opportunity of quietly but earnestly urging the Europeans to action.

Advantage was taken of the opportunity afforded by the president's return to Washington this morning to hold a meeting of the cabinet. Secretary Hay was prepared with a full report of all that he had done in relation to the Chinese trouble since the president's departure and there was little for the cabinet to do but to set the seal of its approval upon the secretary's policies, and particularly upon the energetic communication to Li Hung Chang.

HAY ADVISES LI HUNG CHANG.

Washington, Aug. 2.—The state department has made public the following correspondence between Li Hung Chang and the department regarding the abandonment of the campaign in Pekin:

"Telegram sent to the United States embassies in Berlin, London, Paris, Rome and St. Petersburg, and to the United States minister, Tokio:

"'Department of State, Washington, Aug. 1, 1900.—In reply to a suggestion of Li Hung Chang that the ministers might be sent under safe escort to Tien Tsin provided the powers would engage not to march on Pekin, the secretary of state replied on the 30th of July:

"'This government will not enter into any arrangement regarding disposition or treatment of legations without first having free communication with Minister Conger.

"'Responsibility for their protection rests upon Chinese government. Power to deliver at Tien Tsin presupposes power to protect and to open communication. This is insisted on.'

"This message was delivered by Mr. Goodnow on the 31st to Viceroy Li, who then inquired whether, 'if free communication were established between ministers and their governments, it could be arranged that the powers should not advance on Pekin pending negotiations.'

"To this inquiry the following reply was sent on the 1st of August:

"'Goodnow, Consul General Shanghai: I do not think it expedient to submit the proposition of Earl Li to the other powers. Free communication with our representatives in Pekin is demanded as a matter of absolute right, and not as a favor. Since the Chinese government admits that it possesses the power to give communication it puts itself in an unfriendly attitude by denying it. No negotiations seem advisable until the Chinese government shall have put the diplomatic representatives of the powers in full and free communication with their respective governments and removed all danger to their lives and liberty.

"'We would urge Earl Li earnestly to advise the imperial authorities of China to place themselves in friendly communication and co-operation with the relief expedition.

"'They are assuming a heavy responsibility in acting otherwise.

"'Hay.'

"You will communicate this information to the minister of foreign affairs."

MR. WU DISTRESSED.

Washington, Aug. 2.—The Chinese minister had just read the dispatch of Dr. Morrison, from Pekin to the London Times, when he was seen by a representative of the Associated Press this morning.

Mr. Wu, who all along has maintained an optimistic tone as to the trend of events in China, seemed more distressed by yesterday's developments that at any time since the Chinese trouble began. He said:

"Of course, I do not know this correspondent and I cannot tell what his sources of information are. They certainly are not official utterances. He evidently has been under siege in the British legation for a month and is naturally irritated so that his utterances probably are biased and he is inclined to believe the worst of the imperial authorities.

"I see that he makes the direct statement that I have telegraphed my government that the United States would 'gladly assist the Chinese authorities.' This is untrue and it is unfair to me. I have telegraphed nothing direct to my government beyond forwarding the president's reply to the request of the Chinese government for mediation. Everyone knows what that is. The statement that I have led my government to expect help from the United States is most unfair to me. It looks as though I had not been dealing candidly.

"As a matter of fact, I have been doing my utmost to deal honestly with both sides, and as a loyal subject I have tried to point out the best course to my home government. In my communications with the viceroys and high officials with whom I have been in correspondence I have urged that the ministers be put in free communication with their governments.

"I had only two direct communications with my government since the first trouble occurred, which shows that direct communication is not easy."

It may be stated on good authority that the state department, whatever may be its opinion of the imperial government of China, has had no reason to change its opinion as to the sincerity and good intentions of the Chinese minister here and the department is continuing to deal with him in entire confidence, despite the peremptory tone of the last message addressed by Secretary Hay through him to the Chinese government.

Regarding the possibility of violence being renewed against the Pekin legations in case the march of the international column on the capital was not arrested, Mr. Wu declined to talk.

He said it was impossible to fairly judge of the situation from this distance, but it was evident from his tone that he was exceedingly anxious over the outcome.

WILL GO TO LAPORTE.

Next week the German Lutheran ministers of the city, the instructors at Concordia college and delegates from the German Lutheran congregations of the city will go to Laporte to attend the district synod of that church which convenes on Wednesday and continues eight days. The central district, embracing the states of Ohio, Indiana and Illinois, will be represented in the synod, and the time will be devoted to the consideration of theological and economic questions of vital moment to the membership. J. F. W. Meyer, of this city, will attend the synod as a visitor.

NEW FENDERS SAVE A LIFE

PICKED UP A PEDESTRIAN AT MURRAY STREET.

Apparatus Worked Successfully and Man Was Unharmed—Minor Accidents of the Day.

The advantage of the new fenders on the street cars was forcibly illustrated this morning when a pedestrian attempted to cross South Calhoun street just ahead of a Belt line car northbound, at Murray street.

The car was but twenty feet away as the man stepped upon the track. He had come from the east on Murray street and did not see the car until it was too late to avoid it. The horrified spectators expected to see the pedestrian killed or at least badly injured, but the fender simply scooped him up safely, and he escaped with but a few slight bruises. He sat clinging to the fender until the car was stopped, and then quickly walked away.

WAITED SEVERAL DAYS.

Thomas Leahy, a workman on the intercepting sewer, sustained a fractured leg on Saturday. He was struck by a bucket which fell as it was being lowered from the top of the sewer. No physician was called to attend the injury until Wednesday afternoon, when Dr. Hammond reduced the fracture.

CONTRACT IS AWARDED.

The contract for the construction of the bath house, to be built on the grounds of Concordia college for the use of the students, has been awarded to Contractor William F. Kruse. The building, a description of which has previously been published in The Sentinel, will cost about $3,500. Contractor Kruse has commenced work on the new building, which will be completed in about eight weeks. The bids for the hospital were too high, and it is probable that work on that structure will not commence until fall.

MICHAEL DOES NOT APPEAR.

Bridgeport, Conn., Aug. 2.—Jimmy Michael failed to appear today for the second in the series of races between Michael and Johnny Mason, to determine the middle distance championship of the world, and in consequence was suspended by the executive board of the National Cycling association.

TO KILL THE SHAH

AN ATTEMPT IN PARIS TO SLAY PERSIA'S RULER.

ATTACKED IN HIS CARRIAGE

ASSAILANT WAS ARMED WITH A REVOLVER.

SAVED BY THE GRAND VIZIER

WOULD-BE ASSASSIN PLACED IN CUSTODY.

Paris, Aug. 2.—An attempt on the life of the shah of Persia, Muzafer-Ed-Din, was made this morning, but luckily it resulted in no harm to his majesty. A man broke through a line of policemen as the shah was leaving his apartments and tried to mount the royal carriage step.

He had a revolver in his hand, but as soon as his intention was divined the police disarmed him before he was able to fire.

He was seized and placed under arrest.

At the police station the man expressed regret that he had been unable to carry out his intentions. He said: "This is an affair between me and my conscience."

It was just a quarter past 9 o'clock when the carriage of the shah emerged from the Court of Sovereigns' palace. Seated in the carriage with the shah was his grand vizier, while opposite him sat General Parent. The carriage turned to the left, towards the Avenue Bois de Boulogne. It has proceeded but a few yards when a man dressed as a laborer sprang from between two automobiles, where he had been hidden. He broke through the line of policemen, overturning a bicycle officer, and jumped upon the royal carriage step. In one hand the man had a cane, which he raised as though to strike, but this movement was only intended to hide his real purpose, for in the other hand he held a revolver.

GRAND VIZIER SAVED SHAH.

The attempted assassination there came to an end, for the grand vizier struck the weapon from the man's hand and at the same time officers caught his arm from behind and overpowered him.

A crowd of 500 people who witnessed the attempted assassination made a rush toward the would-be murderer and tried to attack him, but there were many police in the neighborhood acting as guards of the shah and these prevented the mob from doing violence to the miscreant.

The prisoner was taken to the police station.

This afternoon the shah carried out his program for a trip down the Seine to Versailles.

The would-be assassin declines absolutely to give his name or occupation. He speaks but little and that with a southern accent.

He is about 26 years of age, has chestnut colored hair, a large moustache and blue gray eyes. He was dressed in a blouse and wide trousers, the usual clothes of a carpenter. In his pocket was found an ugly knife and a handkerchief marked "128th Regiment Infantry." When this was discovered the man said:

"That will not aid you in your inquiries concerning my identity."

GIVES SHAH A WARNING.

Later in the day, to some officials of the household of the shah who tried to interrogate him, the prisoner said:

"Your master will do well to resign; otherwise we will kill him."

An eyewitness of the attempted assassination says the courage of the shah was remarkable. He acted with perfect coolness and was among the first to seize his would-be murderer, holding him with both hands until the man was thrown to the earth by the police.

Just before starting from the palace the shah received a letter dated Italy, signed with an Italian name, but posted in Paris, announcing to him that he would be assassinated today. The police believe the man who attacked the shah not alone in his efforts. The whole of the police department is at work seeking for his accomplices.

BUY THE WELLINGTON.

George Oppelt, formerly an employe of the New Aveline hotel barber shop, and Oscar Wobrock, the well known restaurateur, have purchased the Wellington cafe and will take charge of the establishment on Monday next. A. B. Shank, who has recently been the owner of the Wellington, will return to his former home at Hicksville, but has not decided upon his future course.

SURVEYORS START.

The Fort Wayne and Butler Railroad company's party of surveyors began this morning on a survey of a line from this city to Maysville, and thence north until it strikes the line previously run to Butler. The new line will be completed within a few days, and the locating route will be determined after considering the advantages each line offers.

ATTEMPT TO DESTROY A TOWN

INCENDIARY FIRE STARTED IN FAISON, N. C.

Object Was to Destroy Registration Books in Hope of Defeating Franchise Amendment.

Wilmington, N. C., Aug. 2.—An attempt was made early today to burn the town of Faison, N. C., about fifty miles from Wilmington. The fire began in a drug store in which the registration books for today's election were deposited and the local democrats allege that a plot was afoot to nullify the election in Faison township, a democratic stronghold.

Election here—the scene of the 1898 racial troubles—proceeded quietly. The county will probably give 3,000 majority for the franchise amendment.

BATTLE FOR WHITE RULE.

Raleigh, N. C., Aug. 2.—"White supremacy" has been the battle cry of the democrats throughout the bitter campaign which has just closed in North Carolina and the result of which will be evidenced by the casting of ballots today. Conservative estimates by democrats place the majority of the constitutional amendment, which will practically disfranchise the negroes, at 40,000. The leaders of the fusion ticket—republicans and populists—who are now in control of the offices of the state and have held them for six years, believe the amendment will be rejected.

ELECTION IS QUIET.

Charlotte, N. C., Aug. 2.—Election in this vicinity proceeded quietly with no disturbance at the polls up to 1 p. m. No interest in the contest was taken by the negroes.

CLASH AT PEACE CONGRESS

UNPLEASANT INCIDENT OVER TRANSVAAL WAR.

M. Dorand Speaks of Impotence of The Hague Conference and Rips Britain Up the Back.

Paris, Aug. 2.—An unpleasant scene in the interparliamentary congress for peace arbitration was narrowly avoided at today's session. M. Dorand, speaking of the impotence of The Hague conference, protested against the war in the Transvaal, and expressed astonishment that the requests for arbitration made by the South African republics had not found an echo in Europe.

Lord Stanhope, one of the English delegates, in reply said that friends of peace in his country had done everything possible to prevent war, but he said it would be impossible for representatives of England to participate in a discussion implying the least blame of England.

The presiding officer turned aside the approaching storm by calling for a vote on the following resolution, which was adopted:

"The congress, acting on The Hague resolutions, expresses its gratitude to those contributing to the results, in the firm hope that the powers will not neglect in the future to utilize the means at their disposition for the appeasement of international convicts and its regret that they have not been able to do so. With actual war in the Transvaal came the attention of the various delegates to the duty devolving upon them to call the attention of their respective governments to the obligations the powers contracted in giving adhesion to The Hague resolutions."

A daughter has been born to Mr. and Mrs. William Rhinehart, of Broadway.

PEKIN IS THE GOAL

Allied Armies Under Way and it is Reported the Vanguard Was Repulsed.

INTERNATIONALS SQUELCH NEWS

Shanghai, Wednesday, Aug. 1.—The allies advanced towards Pekin today.

It is estimated that the expedition numbers 20,000 men of all arms with 170 guns.

It is hoped to reach Pekin Aug. 12.

VANGUARD REPULSED.

New York, Aug. 2.—According to the Herald from Tien Tsin, under date of Sunday, comes a report that the Japanese vanguard has been repulsed with a loss of a hundred and fifty killed and injured.

FIFTY MISSIONARIES KILLED.

Shanghai, Aug. 1.—It is reported that fifty missionaries have been massacred in the Shan-Si province.

WOULD NOT SEE SEYMOUR.

Shanghai, Aug. 1.—Admiral Seymour, on board the British dispatch boat Alacrity, started for Nankin today to consult with Liu-Kun-Yi, viceroy of Nankin. Admiral Seymour wired the viceroy of his intended visit and Liu-Kun-Yi replied: "I am unwell and cannot see you."

Admiral Seymour insisted upon making the visit, and the viceroy responded by wire:

"I am instructing a warship to proceed down the river to escort the Alacrity to Nankin in case of misunderstanding in passing the forts."

GAZELEE TAKES COMMAND.

Tien Tsin, July 27, via Shanghai, Aug. 1.—General Sir Alfred Gazelee arrived here today and assumed command of the British forces.

RUSSIA HARD PRESSED.

Shanghai, Wednesday, Aug. 1.—Admiral Alexieff has gone to New-Chwang, where the position of the Russians is regarded as serious.

RUSSIANS TAKE FORTRESS.

St. Petersburg, Aug. 2.—General Grodekoff, under date of Wednesday, Aug. 1, telegraphs as follows:

"The Chinese fortress at Hunghun was stormed by General Ajgustoff July 3, thus relieving the posts of Novokijivskoje and Postja, threatened by the Hunghun garrison. Many guns were taken. The Russian loss was two officers and six men killed and four men wounded."

WERE PROBABLY KILLED.

London, Aug. 2.—The Chinese inland mission received the following cablegram from Rev. F. W. Stevenson today.

"Shanghai, July 31.—Probably Misses King, Burton and Rasmussen and Mrs. Cunnels have been murdered at Ho-Shan, province of Shan-Si. There is a local rebellion in the Ning-Po district, and the worst is apprehended for all the workers, who are two married couples and four single ladies."

AN EMBARGO ON NEWS.

London, Aug. 2.—Because of the fact that Chinese agents at the principal European cable points are in free cipher communication with the viceroys, the foreign commanders at Tien Tsin have seemingly put an embargo on news concerning the size and composition of the forces advancing on Pekin.

Neither the English admiralty nor the foreign office have intelligence from Tien Tsin later than Friday, July 27. Telegrams from Hong Kong and Shanghai indicate that restlessness is increasing in southern China.

The German mission at Namon has been destroyed and the native city of Wu-Chow is no longer considered safe for foreigners. At the Bogue forts target practice is going on. At Canton the authorities are enlisting recruits at $9 a month, twice the usual pay. Proclamations sent to the recruiting stations threaten officers who defraud the troops.

An agency at Shanghai says that Li Hung Chang has asked the United States consul general, Mr. Goodnow, if he were placed in communication with the minister at Pekin the powers would suspend the advance. Mr. Goodnow, the report adds, replied that he would ask the Washington authorities.

A third brigade was ordered to China from India today. It consists of four native regiments, about 6,000 men.

Another Tien Tsin version of the message from the British minister at Pekin, Sir Claude MacDonald, of July 21, describes him as saying: "We have provisions for many weeks, but little ammunition."

A news agency dispatch from Tien Tsin, July 25, reports that Lieutenant General Linewitch has succeeded Admiral Alexieff in command of the Russian forces there. The Russians, the dispatch adds, are constructing armored trains in the Tien Tsin shops and intend reconstructing the railway as fast as the column advances toward Pekin.

GOVERNMENT IS POWERLESS.

St. Petersburg, Aug. 2.—A communique in the Official Messenger says:

"Information concerning the march of events in China shows the absolute powerlessness of the Pekin government against the rebels.

"The Chinese emperor's message to the czar, dated July 3, substantially in the same terms as those to President McKinley, President Loubet and Queen Victoria, recited the czar's reply to a previous message and expressed grief over the disorders in China.

"The absence of news from Pekin as to the fate of the Russian and other ministers renders mediation difficult. Russian efforts will be directed to the restoration of order in China. Russia is willing to aid the emperor in this respect."

TELLS STORY OF PEKIN.

London, Aug. 2.—Dr. George Ernest Morrison, the Pekin correspondent of the Times, has been heard from direct. The Times this morning prints the following dispatch from him, dated July 21:

"There has been a cessation of hostilities here (Pekin) since July 18, but for fear of treachery there has been no relaxation of vigilance. The Chinese soldiers continue to strengthen the barricades around the besieged area, and also the batteries on top of the imperial city wall, but in the meantime they have discontinued firing, probably because they are short of ammunition.

"The main bodies of the imperial soldiers have left Pekin in order to meet the relief forces. Supplies are beginning to come in and the condition of the besieged is improving. The wounded are doing well. Our hospital arrangements are admirable and 150 cases have passed through the hospital.

FACING BOTH WAYS.

"The Tsung-li-yamen forwarded to Sir Claude MacDonald a copy of a dispatch telegraphed by the emperor to Queen Victoria, attributing all deeds of violence to bandits and requesting her majesty's assistance to extricate the Chinese government from its difficulties. The queen's reply is not stated, but the Chinese minister at Washington telegraphs that the United States government would gladly assist the Chinese authorities.

"This dispatch to the queen was sent to the tsung-li-yamen by the grand council on July 3, yet the day before an imperial edict had been issued calling on the boxers to continue to render loyal and patriotic services in exterminating the foreigners. The edict also commanded

JESTER IS FREE

OLD MAN ACQUITTED OF THE CHARGE OF MURDER.

REMARKABLE TRIAL ENDED

ACCUSED OF CRIME WROUGHT THIRTY YEARS AGO.

JESTER'S STRANGE DEFENSE

CLOSING SCENE OF STRIKING DRAMA.

New London, Mo., Aug. 2.—The Jester case is ended. The old farmer-preacher who has been accused of bigamy, perjury and various murders breathes the air of freedom. While the prayer meetings were in session last night the worship was interrupted by the tolling of the court house bell, which announced that the fate of Alexander Jester was to be published to the world. The old prisoner came from the jail escorted by Sheriff R. D. Jones. His two sons ran hastily from the Alford hotel. Lawyers and merchants, old people, young people and everybody within hearing went rapidly to the old rock temple of justice and waited to hear the verdict. They had not long to wait. The jury filed slowly in. The foreman handed Judge David H. Eby a slip of paper. Amidst sepulchral silence he read his verdict, "We, the jury, find Alexander Jester not guilty," and this famous case passed into history.

SIX BALLOTS WERE TAKEN.

For one brief moment the silence was deathlike, and then a great shout arose from the crowded court-room. Harvey Jester and William Hill, the old man's sons, leaned over and shook the father's hands. Friends crowded around. Jester was as cool as though he were simply an interested spectator. He received the congratulations of his friends, and then with a son on each side he walked slowly down the aisle and out into the yard a free man. He said "God bless you" to many who stopped him on his way.

NO PLANS FOR THE FUTURE.

He said he had no plans for the future, but he was wholly in the hands of his son, William Hill. It is presumed now the Hill children will drop the name assumed by the father to conceal his identity and henceforth bear the name of Jester. The jury disagreed on five ballots. For three consecutive ballots three men were in favor of hanging the accused and nine for acquittal. Two more ballots revealed the fact that one man had decided to allow the majority to rule and on the sixth ballot all twelve were for acquittal. Jester's daughter Alice remained at the hotel and did not hear the verdict read. Jester betrayed no emotion when acquitted. All the way through this ordeal he has been stolid, unmoved, absolutely self-possessed.

GREAT INTEREST IN THE TRIAL

Jester's trial at New London, Mo., for the murder of a man thirty years ago presented one of the most unique and interesting cases known in the criminal annals of the United States. Of all the famous trials for murder that have occurred in this country none has developed the impressive dramatic and pathetic incidents that were brought out during the progress of the trial. For hours, days and weeks past the aged defendant sat stolid and impassive in the prisoners' dock of the little courtroom at New London, listening, apparently unmoved, to the testimony of witnesses who were swearing his life away on circumstantial evidence as to an event that was supposed to have occurred three decades ago.

Jester's main defense was that a man's nature, his soul, body, skin, disposition, sight, hearing and even finger tips change with the turning of every seven years. He pleaded not guilty to the crime of taking the life of young Gilbert Gates, brother of the millionaire steel king, whose residence until recently has been in Chicago. At that time Jester was a comparatively young man.

In the trial at New London no direct evidence against the old man was introduced at any stage of the proceedings. Too many years had elapsed since young Gates' murder to impress firmly on the minds of the jury the testimony presented. It was not considered as substantial and sufficient evidence to justify a verdict of capital punishment. As one member of the jury said in a private interview, "Thirty years is a long time to remember trifles, but a short time to remember an actual wrong. No living man saw Jester kill Gates, and many years have passed since the tragedy. I do not care how much circumstantial evidence they produce to try and convict this man it is not in the righteous human soul to send a man to the hangman after such a lapse of years."

SISTER CAUSES HIS ARREST.

Jester's sister was the cause of his undoing. It was she who prompted his arrest. In her statement to the police she said she had borne the secret of the murder and robbery of Gates in her breast for so many years that it had become a pall upon her and she could bear it no longer. She and she alone caused her brother's neck to come within the ominous shadow of the hangman's noose, but at no time during the sensational trial at New London did the accused man complain of his sister's act. This one trait in his character won him many friends.

Jester, gray-haired, weakened with age, careworn, but withal plucky and aggressive, did not have an unkind word to say of those who testified with damaging force against him. Throughout the trial he presented a pitiful, heartrending spectacle. The whitened hair and beard of the prisoner added to the dramatic atmosphere of the court-room. In the daily sittings of the court the sympathy of the public was plainly with the old and feeble occupant of the prisoners' dock.

Gates was murdered in January, 1871, near Paris, the county seat of Monroe county, Mo. Jester was arrested and indicted for the crime. It was brought out at the trial that the two men had struck up an acquaintance on the road and were traveling together. In the midst of the trial the now withered and sick old man broke jail and fled. He went to Texas, and so far as known took the name of William Hill. From 1889 until 1899 he lived in Oklahoma territory, and while there it is alleged he became a bigamist by marrying a girl of the name of Julia Reynolds. For this he has not been prosecuted. During the trial Jester claimed to eighty-two years of age, but it was almost conclusively proven he is ten years younger than that.

EGGEMAN-LIPES.

A quiet wedding occurred last evening at the home of Mr. and Mrs. William Hammond, 89 Harmer street, and the contracting parties were William S. Eggeman and Miss Della Lipes, both of this county. The wedding ceremony was performed at 8 o'clock by Rev. J. H. Evans, of the Evangelical church, and was witnessed by a few intimate friends. The groom is a son of William Eggeman, democratic nominee for county assessor, and is a well-known young man of fine character. His bride has been for several years a teacher in the public schools of the county, and is an estimable young lady of fine attainments. She is a daughter of C. T. Lipes, a prominent manufacturer of Hoagland. Mr. and Mrs. Eggeman are receiving the congratulations of their wide circle of friends. They expect to take up their residence in this city.

SUPT. WHALEY WAS HERE.

Superintendent Whaley, of the Barber Asphalt company, came to the city from Wabash last evening and held a conference with Chairman Eggemann, of the board of works. The board is desirous of having the repairs completed as soon as possible on Calhoun street, as business men and pedestrians complain of the brick piled on the sidewalks. Mr. Whaley promised to finish the work immediately.

WILL PAVE ONE SQUARE.

The board of works at its regular session this evening will pass a resolution providing for the paving of South Harrison street from Butler to DeWald streets. The petition asked for a pavement from Williams street to DeWald, but objections were offered by property owners from Williams to Butler and the board has decided to pave only the one square.

CZAR'S TURN NEXT

HUMBERT'S ASSASSIN WARNS RUSSIA'S MONARCH.

MAKES THREAT TO WARDER

POLICE NOW HAVE PROOFS OF A PLOT.

BRESCI'S BROTHER ARRESTED

OTHER ANARCHISTS ROUNDED UP AT PRATO.

Rome, Aug. 2.—Regicide Bresci still maintains his excited demeanor and has to be dressed forcibly. Today he exclaimed to a warder:

"It will be the czar's turn next."

Bresci has been removed from Monza to Milan.

The police have found evidence that Bresci acted in collusion with others, and numerous arrests have been made. Bresci's brother, a shoe dealer; another kinsman named Marzssi and seven anarchists have been arrested at Prato.

Natale Possansini, who was arrested at Ancoan, admits traveling with Bresci from Milan to Monza.

WEEPS AT FATHER'S BIER.

Monza, Aug. 2.—King Victor Emmanuel III., upon arriving here, met his mother, Queen Margherita, at the castle. She fell into his arms weeping. The king knelt before the body of his father and repeatedly kissed and embraced it. Afterwards for an hour he, with his mother and his wife, prayed in the death chamber.

STEPS AGAINST ANARCHISTS.

Washington, Aug. 2.—Such steps as have been taken by the United States government toward the arrest of persons in this country who may have been connected with the assassination of King Humbert were not instituted at the formal request of the Italian government. The Italian ambassador, Baron Fava, however, communicated unofficially on this subject with the United States government, and as a mere matter of international comity the government put in motion such machinery as it has in command to discover Bresci's co-conspirators, if there are such in this country. In a preliminary way some attention has been given to the possibility of punishing any of Bresci's accomplices here and it is confessed that there will be much difficulty met in reaching them. The laws relative to conspiracy are local and the underlying principle is that the overt act must have been committed within the particular state in order to afford jurisdiction to the state courts. On the other hand, it is very doubtful whether the conspirators could be delivered to the Italian government under extradition proceedings, and this would be particularly difficult to accomplish if any of them were naturalized citizens of the United States.

BRITAIN CENSURES BELGIUM.

London, Aug. 2.—In the house of commons today A. J. Balfour, the first lord of the treasury and government leader, said, replying to a question, that the government had represented to Belgium that they thought there had been a most unfortunate miscarriage of justice in the case of Sipido, who on April 4, last, made an attempt on the life of the prince of Wales in Brussels. No reply had been received. Sipido was sentenced to a reformatory, but he escaped and is now at large.

WHEELMAN IS HURT.

In a collision between wheelmen on Brackenridge street Wednesday, Louis Goeke was thrown from his wheel and painfully injured. He will be "laid up" at least a week as a result of the fall.

POLICE COURT.

There were two prisoners in police court this morning—one drunk and a train climber. Officer Knox picked the drunk up near the south depot and the train climber was arrested by Pennsylvania Detectie Fuchshober. Mayor Scherer sent the train climber to jail for sixteen days and released the drunk.

SITUATION AT NOME.

Washington, Aug. 2.—A telegram has been received at the treasury department from Lieutenant Jarvis at Cape Nome, Alaska, which indictes that the situation there is improving. The telegram left Nome on July 30 and said that there had been only three new cases of smallpox since last report. Incoming vessels were being carefully inspected and a effective system of isolation of all cases and suspects was being maintained. No deaths were reported.

BOB DICKSON AS A DIPLOMAT

OFFICER SETTLED THE CHINESE QUESTION.

International Wrangle Amicably Adjusted Today, and the Incident is Closed.

Officer Robert Dickson was given an opportunity to exercise his ability as a diplomat this morning, and he successfully adjusted an international wrangle that for a time threatened to assume dangerous proportions.

The incident occurred in a Chinese laundry on West Wayne street. Some time ago an Italian living on Lafayette street took a shirt to the Celestial's establishment to be laundried, and when he called for the garment this morning he was minus the necessary check. The proprietor declined to surrender he garment, and as neither of the parties to the wrangle could speak the language of the other, and there was no official interpreter present, he vehement debate grew more demonstrative as the discussion proceded, and grave international comlications were threatened.

Finally Officer Dickson was called in to tender his good offices in an adjustment of the differences, and the Chinaman consented to a compromise. The son of sunny Italy was given his shirt after both he and the officer had attached their signatures to a document written in the language of Li Hung Chang's empire, and the incident is officially closed.

RACES ARE POSTPONED.

The races of the Amateur Driving club, which were to have been given at the driving park this afternoon, have been postponed until Saturday. The rain this morning has placed the track in bad condition and it was thought best to announe a postponement. The card is a splendid one, and the Driving club is determined to give spectators some good races. For this reason the horse will not start until Saturday, when, it is hoped, the track will be in first-class condition.

KICKED HIM TWICE.

A Mr. Allen, who resides on Huffman street, was twice kicked by a vicious horse on Wednesday The animal's hoof first landed in Mr. Allen's back, and again on his thigh. Mr. Allen is confined to his home, but his injuries are not regaded as serious.

His Wife Insisted

And he thought he'd humor her, no doubt. The result shows that a man rarely loses by following his wife's advice. Those who suffer from obstinate cough, bronchitis, weak lungs and ailments in general which tend to consumption, will find speedy relief and perfect cure in the use of Dr. Pierce's Golden Medical Discovery. It cures ninety-eight per cent. of those who give it a fair and faithful trial. It purifies the blood, heals the lungs and builds up the body with firm flesh instead of flabby fat. The "Discovery" contains no alcohol, neither opium, cocaine, nor other narcotics.

"Only for Dr Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr Moses Miles, of Hilliard, Uinta Co., Wyoming "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption My wife had taken Dr Pierce's Favorite Prescription, and it had helped her so much she insisted on my trying his Golden Medical Discovery'—which I did I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery I would like you to print this testimony as it may help some other poor sufferer"

CAUGHT THE WORM

That Gnaws Under Cover.

"I had quite an experience with the use of coffee. Without knowing why, I gradually became seriously constipated, with all the disagreeable effects of this most aggravating disease. I was also bilious and stomach badly out of order.

"I had no idea of the cause and kept using coffee every morning.

"One day a friend to whom I spoke of my troubles, remarked that perhaps I would find the cause in the coffee cup and suggested the use of Postum Cereal Food Coffee. I was impressed with his remarks and made the change from coffee to Postum. The old troubles have nearly disappeared and I am one of the happiest mortals you ever saw. I have proved to my entire satisfaction that coffee was the unsuspected cause of the difficulty, and while it nearly ruined my health for a time, I have practically recovered again by the discontinuance of coffee.

"I have known a number of persons who have been driven away from Postum because it came to the table weak and characterless. It simply was not made right, and it would be the same with any other kind of drink, tea, coffee, cocoa, etc. Postum, when made according to directions, is a delightful beverage.

"There are a large number of people in this surrounding country who are using Postum, and their number is increasing daily. It is sort of a stampede. Store after store is putting in a stock of Postum that never thought of such a thing before.

"I enclose a list of twenty or thirty names of those that I know of as users of Postum, among my immediate acquaintances. Do not use my name, please." F. M. G., Box 73, Jefferson, Wis.

ONGS OF PRAISE

F all the babies who have been helped into the world by *Mother's Friend* would go together and sing a song of praise for it, the chorus would echo to the heavens. The work done by this simple liniment is absolutely wonderful. Pity it is that it was not discovered years ago. It would have saved poor woman so much pain and suffering. Now, however, any woman who has a hard time when her children are born has herself to blame. She need not suffer *Mother's Friend* will help her. For external use. Get *Mother's Friend* at the drug store. $1 per bottle.

ext to a republican convention in as, a democratic convention in Hampshire presents more points political interest.

hat use China has for the balance the world's diplomats is not ap- ent. She has plenty of her own know what the "real thing" is diplomacy.

he Ohio State Journal kindly sug- ts that a "clean, cold marble slab" ll that will be needed by the dem- atic party to carve its epitaph on in November. That same clean, slab will also answer very well certain essential and respectful ortuary offices that the republican arty may at that time claim.

he Springfield (Mass.) Republican serves pointedly as follows a dis- ction or two: "It is a singular t that Mr. Bryan, the alleged ostle of anarchy, should be so uch more moderate in his use of nguage when characterizing his itical opponents than the child of ifth avenue and Harvard, Governor osevelt. The rough rider's de- nciation has a wide range and no alifying adjectives or adverbs. efore November comes the colonel ll probably class all Bryanites with vages or burst a blood vessel in straining himself."

Richard Harding Davis, in his est letter, points out what a re- arkably small number of English cers have increased their reputa- ns during the progress of the Boer ar, which will ere long have round- out its first year. In the brief anish war this country produced e following galaxy of heroes: ewey, Schley, Hobson, Wood, Roose- elt, Chaffee, Wheeler and many ers. But what officers have ma- erially increased their fame in the ansvaal? Roberts, French and den-Powell are the only three that cur readily to the mind.

There is a fresh turn in sugar res. The recent advance, en- ered on the strength of the be- that all quarrels among the re- companies had been har- ed, was turned into a break Tuesday by a rumor of more war between the trust and the Arbuckles. At this rate there is great profit in sugar whether anything is made on the refining or not. The purchase of a few hundred trust shares will yield handsomely on a temporary agreement to harmonize and advance the price of sugar a fraction of a cent on a hundred pounds. When the shares have been sold and a few hundred imaginary shares sent after them it is just as sure a thing to reverse the combination, cut the price of sugar a fraction of a cent and cover at a good profit. Thousands of people have sought fortune on a "sure thing" in the stock market, but few have found it. The sugar manipulators have undoubtedly had the best thing in this line in the history of Wall street. They have worked it for years, the market has always responded, and they are working it yet. Such are the attractions of active gambling to the public.

SOME BIG BOLTERS.

In no recent presidential campaign have the republican managers had to face the embarrassment at the outset caused by the lukewarmness or outright bolt of leaders of great influence as at present. The list of big republicans who either have openly declared against the ticket and policy of the party or have shown a lack of interest in the party's success contains the names of ex-President Harrison, ex-Speaker Reed, Senator Wellington, of Maryland; and ex-Representative Henry U. Johnson, of Indiana. No assurance has come from either of the first two named that he will contribute anything to the re-election of Mr. McKinley, and the latter two are in open revolt.

General Harrison has immured himself in the fastnesses of the Adirondacks and probably will not emerge until the critical stage of the campaign has been passed. The republican managers apparently have exhausted all of their resources in vain to extract from the former president some word of encouragement. Not since he denounced the Porto Rican bill as "a serious departure from right principles" has General Harrison been known to make any comment upon the administration's course or his party's policies. Just before he went east he was broadly quoted as declaring that Indiana would vote against Mr. McKinley and no authoritative denial of this declaration has yet been obtained. It seems that Mr. Reed has promised to make a few speeches in the Maine state campaign, which closes in September, but he has not pledged himself to appear on the stump as a pleader for Mr. McKinley. Senator Wellington has issued a statement avowing that he is unalterably opposed to imperialism, and saying further: "I am opposed to President McKinley because he has deceived me in national affairs, and I shall oppose his re-election." The Marylander is of German extraction and wields a tremendous influence with that element of voters in his state. Besides, he has a well organized machine in Maryland, and will operate through this to throw the electoral vote of that state for Bryan and Stevenson. It is conceded that his defection from McKinley will more than overcome whatever effect the lukewarmness of Mr. Gorman may have upon the democratic situation in Maryland.

Henry U. Johnson's influence with the devoted McKinley republicans of Indiana is probably gone, but he is a brilliant and captivating orator and an intellectual giant whose words will do much to influence those thousands of voters who are wavering in their support of the administration policies. The ex-congressman will do his former party much damage in Indiana.

A CAVALRY TROOP

WILL SOON BE ORGANIZED IN FORT WAYNE.

FORMATION NOW UNDER WAY

ABOUT THIRTY MEN HAVE ALREADY SIGNED UP.

IT WILL BE INDEPENDENT

FIRST MEETING TO BE HELD ON MONDAY NEXT.

A troop of cavalry will soon be added to the military organizations of the city if plans now under way are successfully carried out, and those at the head of the project state that success is assured.

The work of organization was taken up but two or three days ago by J. T. McElfatrick, Harry Brinsley and C. E. Newton, and already about thirty young men have attached their signatures to the organization roll of membership. The initial meeting for the purpose of organization will be held next Monday evening at 27 East Washington street.

It is the desire of the promoters of the plan to have the organization of a social as well as a military nature, and it will be organized independently of the state militia. It is expected there will be little difficulty in bringing the membership up to the limit of a full troop of cavalry. Within a short time the troop will be uniformed, and the drills will be conducted under the regular army tactics. It is requested that those who desire to join the company advise some member of the committee as soon as possible, or be present at the meeting on Monday evening, when the formal organization will occur, officers be elected and plans for the future fully discussed.

LEADING A DECENT LIFE.

Kokomo, Ind., Aug. 2.—As a result of the "wide openness" of the town during the recent Red Men's powwow an era of strict enforcement of the law has been inaugurated. Dr. J. L. Puckett, the missionary preacher, who headed the police board, tendered his resignation in advance of the powwow, saying that he found it impossible to give the city such an administration of the law as his conscience demanded that it should have. The city council declined to entertain his resignation. He then announced that all laws must be rigidly enforced, as they are written. City Marshal Taylor thereupon surrendered control of the police force, throwing the responsibility on the police board. The police then received instructions to notify all gambling houses to at once cease business, and that all saloons must observe the legal hours for closing. For the first time in four years the Nicholson law is now observed in this city.

INDIANA OIL FIELD.

Hartford City, Ind., Aug. 2.—The monthly report of the Indiana oil field for July shows there were 276 wells completed, of which sixty were dry holes or gas wells. There was a daily output of 4,040 barrels, an average per well per day of eighteen and three-quarters barrels. This is an increase in completed wells of sixteen over the June report and twelve more dry holes, while the new production is smaller than for June by 460 barrels. In the new work under way there is a remarkable decrease. The largest decrease in new work is the falling off of new rigs, there being fifty-nine less for July than there were for June, and in drilling wells there is a decrease of forty-four, a total decrease in new work of 103. This shrinkage in new work is believed to be due to the high prices of casing, drive pipes, lumber and other oil well material.

FOR MANSLAUGHTER.

Richmond, Ind., Aug. 2.—William M. Gates, who struck James Bariden Meek, of Abington township, causing the old man's death, has been held in default of $2,000 for involuntary manslaughter, while his brother-in-law, George Jenkins, together with his wife and Mrs. Jenkins, have been released. The evidence before the coroner showed that Gates delivered but the one blow, and that he had no weapon save his fist.

A MYSTERIOUS INCIDENT.

Laporte, Ind., Aug. 2.—The police are puzzled by the strange disappearance of Andrew Humphrey, a junk dealer, of this city, who left last week to drive overland to Detroit, Mich. Yesterday a white man and a colored woman brought Humphrey's rig back to this city, and then as mysteriously disappeared. Humphrey left here with a considerable sum of money in his possession.

DROWNED IN CEDAR LAKE.

Cedar Lake, Ind., Aug. 2.—C. L. Marvin, bookkeeper for Hibbard, Spencer, Bartlett & Co., of Chicago, recreating at the lake, left the shore for a row and some hours later the boat and his hat were found floating on the water. Yesterday the body was recovered, and the coroner made a return of accidental drowning. The victim was thirty-four years old, and resided with his mother in Chicago.

WANTS $1,500 DAMAGES.

Crawfordsville, Ind., Aug. 2.—Mrs. Sarah E. Wilkinson yesterday filed suit for $1,500 damages against Charles Anamle, a saloon keeper. She alleges that Anamle illegally sold liquor to James Osborn, causing him to be crazed by drink, in which condition he struck on the head and killed the son of plaintiff, Howard Ellis.

WANTS PAY FOR EXTRA HOURS

JOHN KULL SUES THE L. E. AND W. RAILWAY.

Submits Statement of Extra Hours Worked for Eighteen Years —Court News.

John Kull, an employe in the Lake Erie and Western railway roundhouse, has commenced suit for $2,500 against the railway company. R. B. Dreibelbiss is attorney for the plaintiff. In his complaint Mr. Kull alleges that he accepted employment in April, 1882, the defendant agreeing to pay him fifteen cents an hour He worked under this agreement until December, 1888, when the company agreed to pay him sixteen cents an hour. During these years the plaintiff was instructed to and did work twelve and twelve and one-half hours each day, but when he received payment it was for ten hours. For the twelve hours he would receive $1.50, while under the contract he should have been paid $1.80. The payments were made in the same manner under the agreement for sixteen cents an hour. Mr. Kull has kept a record of all extra hours he worked during eighteen years and now sues for the pay for the extra time. In the complaint is an itemized statement of every week's extra work, the total number of extra hours being 10,094. The precise sum alleged to be due is $1,994.16, but judgment is demanded for $2,500.

COURT NOTES.

Wilhelm Kanne has commenced suit for $150 against John Decker The suit is for damages and to rescind contract.

M. V. Walsh, township assessor, is preparing plats of city property which will excell any similar plats ever drafted in the township.

County Clerk Frank Belot has received notice that Henry Orff and James Ellison have been accepted by the authorities of the Richmond asylum.

PERCENTAGE OF DIVORCES.

Huntington, Ind., Aug. 2.—An inspection of the county records reveals the fact that Huntington county has more divorces in proportion to marriages than any other county in the state. For years the average has been one divorce to four marriages. While 1,000 licenses were being issued 256 divorces have been granted.

ARGUS BULLETIN APPEARS.

Laporte, Ind., Aug. 2.—The first issue of the Argus Bulletin, under the management of the Taber-Chaney Printing company, appeared yesterday. Graham P. Taber is the editorial writer, and Harry B. Darling holds the position of editor, with Joshua A. Chaney as business manager.

HAD ROPE AROUND HIS NECK.

Bluffton, Ind., Aug. 2.—Eben Kindlesparger, of Poneto, a small town six miles south of this city, raised such a disturbance that citizens threatened to lynch him. They placed a rope around his neck and took him to a tree, but he was finally landed in jail.

NEWS FROM SUMMER SCHOOL

INTERESTING HAPPENINGS AT WINONA.

Today's Program of Unusual Merit and Interest—Personal News and Events.

Winona Lake, Ind., Aug 2.—The regular Bible school lecture this morning was delivered by Rev. R. V. Hunter, D. D., of Indianapolis. "The Preacher's Study" was what Dr. Hunter talked about.

Today the convocation lecture was delivered by Dr. Stanley Coulter, of Purdue university.

This afternoon Dr. Burroughs continues his series of daily Bible lectures before the Bible school in the large tent. "The Epistles, New Testament Prophecy," was Dr. Burroughs' subject, which he handled well before a good sized audience.

Leon H. Vincent this afternoon tells what he knows about(and that's no doubt a great deal) American oratory from Patrick Henry to Daniel Webster.

The day's entertainment closes tonight with open experiments with what is undoubtedly the greatest invention of the age. Prof. J. E. Woodland, of the New Jersey university, will explain the power of liquified air, at the same time showing what it will do. A partial list of articles to be used in the experiment is one quart of blackberries, one dozen roses, onions, potatoes, beefsteak, watermelon, cigars, nails and many other things. Professor Woodland, with liquid air, will make an icicle of alcohol, boil liquid air by heat of the atmosphere, freeze roses and render them as brittle as glass, dip a tin cup into the air and crush it with a single finger into a thousand pieces, freeze the flame of fire, boil air in a block of ice, burn steel in a block of ice without melting it, freeze water in less than a minute and reduce it back to its natural state in less than half the time, and numerous other wonderful things, which seem impossible, but are nevertheless true. This exhibition will ge given tonight and tomorrow night for the first time in this section of the country.

The Women's club held its regular weekly meeting yesterday afternoon in the parlors of the Winona hotel.

The lectures by Leon H. Vincent are proving immensely popular. The crowds, although the lectures are in the afternoon, are very large. Mr. Vincent will deliver two more lectures.

The recital last night by Isabell Gathill Beecher was a very entertaining feature. Miss Beecher does exceedingly well in her impersonations.

AKS DIVORCE AT EIGHTY-ONE

Bluffton, Ind., Aug. 2.—John Myers, a Wells county farmer, aged eighty-one, has applied for a divorce from his wife. He is the oldest applicant who ever appeared in the Wells circuit court for a decree of divorce. He was married to his present wife in 1894.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials,

THE HEALTH OF YOUNG WOMEN

Two of Them Helped by Mrs. Pinkham —Read their Letters.

"DEAR MRS. PINKHAM:—I am sixteen years old and am troubled with my monthly sickness. It is very irregular, occurring only once in two or three months, and also very painful. I also suffer with cramps and once in a while pain strikes me in the heart and I have drowsy headaches. If there is anything you can do for me, I will gladly follow your advice."—MISS MARY GOMES, Aptos, Cal., July 31, 1899.

"DEAR MRS. PINKHAM:—After receiving your letter I began the use of your remedies, taking both Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."—MISS MARY GOMES, Aptos, Cal., July 6, 1899.

Nervous and Dizzy

"DEAR MRS. PINKHAM:—I wish to express my thanks to you for the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. I suffered constantly from terrible sideache, had chills, was nervous and dizzy. I had tried different kinds of medicine but they all failed entirely. After taking three bottles of Vegetable Compound and three of Blood Purifier I am all right. I cannot thank you enough for what your remedies have done for me."—MISS MATILDA JENSEN, Box 18, Ogdensburg, Wis., June 10, 1899.

A GREAT PROGRAM

OUTLINED FOR THE NATIONAL U. V. L. ENCAMPMENT.

BIG WEEK FOR FORT WAYNE

THE REUNIONS, CAMPFIRES AND DEDICATIONS.

THREE PARADES ARE PLANNED

PREPARATIONS FOR BIG MEETING GO FORWARD.

The program committee has formulated in outline a program for the national encampment of the Union Veteran Legion to be held in Fort Wayne September 11, 12, 13 and 14, and it is planned to embrace the greatest week in the history of this city. The report was made to the general committee at its meeting Wednesday evening, and it is necessarily incomplete as to details, owing to the fact that the date of the arrival of many of the distinguished guests is as yet not definitely known. The program is subject to such change as will afford a prominent recognition of President McKinley, General Miles, Col. W. J. Bryan, Col. Theodore Roosevelt, Governor Mount and the eminent army and navy officials as soon as the days when they will be here is ascertained. As rapidly as possible definite assignment of attractions, hours and locations will be announced and the program will be more complete. The plans and scope of the meeting leave no room for doubt that the gathering will be of sufficient magnitude and interest to attract many thousands of visitors to Fort Wayne for that week. The big event contemplates the annual encampment of the Union Veteran Legion of the United States, a reunion of Spanish-American war veterans, and the annual reunion of the Eleventh Indiana battery.

IN BRIEF OUTLINE.

The brief preliminary summary of the great program of the week contemplates that on Sunday, Sept. 9, all the churches of the city be requested to hold patriotic services of a religious nature at the regular hour of morning service. At 2:30 p. m. there is to be a splendid sacred concert at Lawton park, to which one or more bands will contribute. In the evening at Princess rink a sacred and patriotic song service is to be held.

On Monday the officers of the U. V. L. and the ladies' auxiliary will be engaged in closing preparations for the encampment, opening of the headquarters, etc. General Wooters, the national commander, and Mrs. E. Beighel, national president of the Ladies of the U. V. L., will direct the work of the day. The ladies' organization will hold a meeting at the Randall hotel in the evening.

Tuesday is the day for the official opening of the encampment and it will be inaugurated at 6 o'clock by a sunrise salute of thirteen guns to the flag. It is hoped that citizens generally will contribute to the effectiveness of this ceremony by raising flags at their homes and places of business, and the city will be a glow of patriotic colors. The veterans will hold business sessions on this day and the Spanish-American veterans will open their three days' sesion at the Wayne club at 9 o'clock. In the evening there will be a reception to the national officers and distinguished guests of the U. V. L. and the ladies' auxiliary at Library hall, to be followed by a campfire.

THE PARADES START.

Wednesday morning battery B will fire a presidential salute, and President McKinley and General Miles are expected to be present on this day. There will be business sessions of the national encampment and at 3 o'clock the great annual parade of the organization will be held. This feature has never failed to be a magnificent success in every city where the encampment has been held. It will be followed by the ceremonies at Old Fort park, dedicating to the city the old Spanish gun from the Estrella battery at Santiago. A campfire and reunions will occupy the evening hours.

Thursday's parade will be that of the Spanish-American war veterans and the Indiana national guard. The pageant will start at 2 o'clock, the line of march ending at Lawton park, where the Spanish cannon captured in the Philippines by General Lawton and by him presented to the city, will be dedicated with appropriate ceremonies. A campfire at Princess rink will be the evening attraction.

Friday forenoon is to be devoted to an excursion to Robison park, where dinner will probably be served, the guests returning to the city in time to witness and participate in the grand civic and industrial parade which starts at 1:30 o'clock. Countless other features will fill in every moment of the time and in the evening a gorgeous illumination of the city is projected.

CHAMPIONSHIP BASE BALL.

The Inter-State base ball league championship season closes in Fort Wayne at the end of the encampment week. As the finish promises to be exciting, with the Fort Waynes in the fighting for the pennant, unusual interest will attach to the games. In order to give all visitors who like the game a chance to see the championship games an effort will be made to have the Fort Wayne series with Columbus scheduled during the earlier part of the week for that city transferred to Fort Wayne, so that there will be a full week of championship play here during the encampment.

CURZON VISITS FAMINE CENTER

Baroda, Aug. 2.—Lord Curzon, of Kedleston, the viceroy of India, arrived yesterday morning at Dohad, one of the worst famine and cholera centers in the country. Heavy rains and swollen rivers have delayed the party.

MUSICIANS WORK TOGETHER

THE CONSOLIDATED UNIONS ELECT OFFICERS.

Fred J. Reineke Is the New President—Thanks Returned to the Trades Council.

After years of dispute and months of discussion and conferences the musicians of Fort Wayne have finally organized one union in which all the members of the leading musical organizations are members. Several months ago the Trades and Labor Council appointed Herman Hoeltje, W. Rombke and C. F. Baker a committee to confer with the two unions then in existence and, if possible, effect a consolidation. Their efforts were successful and the result was the organization of the new union under the jurisdiction of the American Federation of Musicians. The local organization will be known as No. 58. At the meeting last evening the following officers and committees were elected:

President—F. J. Reineke.
Vice President—W. A. Hall.
Secretary—W. D. Kyle.
Treasurer—I. S. C. Schroeder.
Board of Directors—V. E. Russell, Charles Hartman, C. P. Drager, John Baier and Henry Barner.
Board of Examiners—Jake Meyer, J. R. Verweire and R. Uebelhoer.
Delegates to Trades and Labor Council—W. A. Hall, J. Hechler, W. Mills, W. Hartman, W. Stradley.
Sergeant at Arms—Perry Shober.

A committee of three, consisting of W. A. Hall, I. S. C. Schroeder and Mr. Drager was appointed to draw up a schedule of prices which will be submitted at the next regular meeting. A committee consisting of V. E. Russell, G. Shober and A. E. Melching was appointed to draw up a constitution and by-laws.

There are 112 members of the new union and they represent every important musical organization in the city. Before adjournment last evening a rising vote of thanks was tendered Mayor Scherer for the use of the city hall and thanks were also voted the Trades and Labor Council committee for its efforts in behalf of the consolidation.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy pells. It is a godsend to weak, sickly, run-down people. Cure guaranteed. Only 50c. Sold by Dreier Bros., druggists.

BIG FIRE IN BUFFALO.

Buffalo, N. Y., Aug. 2.—Fire early this morning destroyed seven buildings occupied by business houses. The loss was $150,000. Fire Captain Charles Besancon was severely injured and Fireman R. R. Reid was most severely hurt while fighting the flames. Six of the buildings belonged to the Jacob Dold estate.

SEES HIS COUNCIL

PRESIDENT M'KINLEY NOW IN WASHINGTON.

CONFERS WITH HIS CABINET

NO UNUSUAL SIGNIFICANCE IN THE VISIT.

REGULAR FORTNIGHTLY TRIP

HE WILL RETURN TO CANTON TOMORROW.

Washington, Aug. 2.—President McKinley, accompanied by Secretary Cortelyou, reached Washington at 7:50 this morning. They traveled in a special car attached to the regular Pennsylvania train which left Canton yesterday afternoon. At all the stations through Ohio and Pennsylvania, while daylight lasted, crowds congregated. While the president appeared on the rear platform several times in response to the greetings of the people, the stops were brief and he made no attempt to speak.

At Economy, Pa., Abner McKinley, the president's brother, boarded the train and rode with the president as far as Pittsburg.

The president was met at the train by Secretary Root, General Corbin and Executive Clerk Pruden, who accompanied him to the white house.

There is no particular significance in the president's trip to Washington at this time. When he returned to Canton two weeks ago he arranged to come to Washington every fortnight to dispose of such official business as had accumulated in the meantime and to go personally over the Chinese siutation with his cabinet advisors.

In this way the necessity of sending many bulky papers to Canton for his examination and signature would be avoided and the president will have an opportunity periodically of consulting with the members of the cabinet.

It is officially stated that nothing had reveloped in connection with the Chinese situation which especially demanded his presence in Washington at the present time.

It is the president's intention to return to Canton tomorrow night.

Soon after the president reached the white house a call for a cabinet meeting for 11 o'clock this forenoon was sent out.

Aside from this, each of the cabinet officers who is in the city will hold an individual conference with the president. Secretary Long, who intended leaving last night for Hingsam, Mass., on his annual vacation, remained over and called upon the president on his way to the station this morning. While the secretary had no new dispatches from China, he discussed the general phase of the situation with the president. He announced that the president was unusually well and in fine spirits.

RESENT ASTOR'S INSULT.

London, Aug. 2.—The prince of Wales, the duke of Norfolk and the duke of Connaught have gone to Coburg to attend the funeral of the late duke of Saxe-Coburg and Gotha. Among those selected to represent the admiralty at the funeral are Admiral Sir Frederick Richards and Capt. Sir Archibald Berkely Milne. The latter being thus honored is taken as evidence of royal sympathy regarding the Astor controversy.

FOUND WITH HEAD CUT OFF.

Bridgeton, N. J., Aug. 2.—The body of John Trader, who has been missing from his home at Port Elizabeth since last March, was found today in a swamp near this city. The head had been cut from the body and had been carried away. John Hand, who was with Trader the night before he disappeared, is in jail, charged with a minor crime, but the police think he knows something of the murder and are making an investigation.

LIGHTNING CUT SOME CAPERS

WESTERN UNION SHORT LINE IS STRUCK.

Caused Slight Blaze at Electric Works and Did Damage at Telegraph Office.

The eccentric capers of a flash of lightning was responsible for some lively doings around the Western Union telegraph offices in the Tri-State building about 9 o'clock this morning, though fortunately no one was injured.

The lightning had struck a short telegraph line connecting the electric light works with the Western Union office and about a dozen fuses back of the big switchboard were burned out, while the compartment filled with smoke and presented a very threatening appearance. A number of fuses in the cable box at the Pennsylvania station, which is on the same circuit, were also burned out.

At the other end of the line, where the wires enter the main building of the electric works, the woodwork of the window was set afire, but the flames were extinguished before any damage was done. So light was the stroke that the men at work in the building did not feel the shock and many of them did not know of the danger until told of it afterwards.

CUBAN MUNICIPAL TAXES.

Havana, Aug. 2.—There are 126 municipalities in Cuba and all are interested in changes being made in the municipal tax law. Under Spanish rule taxation was practically unlimited. General Brooke fixed taxation in municipalities at 8 per cent. of net income derived from property. General Wood, however, is inaugurating a tax not above 12 per cent. on preferred property pro rata to expenditures in the principal cities and in others 6 to 8 per cent. of the net income from property. Thus, if individual cities will be taxed in keeping with expenditures, they are willing to assume, the rate of taxation sliding up or down with municipal disbursements. Under this plan no city may escape individual responsibility for its expenditures and for the tax rate.

TIME LIMIT EXTENDED.

At Huntington Tuesday evening the Indiana & Ohio Traction company petitioned for and was granted six months' further time in which to begin the construction of the interurban railway. The reason for asking for an extension was the delay in getting a franchise on the streets of Fort Wayne.

Fort Wayne made it fifteen straight by batting Manager Lowney's aspiring youngster, From, to all parts of the big lot in Mansfield and winning a rather easy victory. The Hoosier players were on their mettle and besides batting the ball hard did not make a misplay in the field, the work of Charley Babb being especially brilliant. Fricken pitched well, but Harry Truby had his delivery solved and drove in most of the Haymakers' runs with a home run and a two-bagger. Kleinow was behind the bat and caught an excellent game. NOTES OF THE GAME.

Wheeling is after Osborne, pitcher for the Homestead amateur team. Manager Armour also owns a fifth twirler.

"Chick" Stahl made one of Boston's four hits off Phillips yesterday. It was a two-bagger. He captured five fly balls in left field.

Quite a number of local "fans" are arranging to go to Dayton next Sunday and see the Fort Waynes play a double-header. A party of ten will be able to secure rates.

Kleinow carries himself behind the bat like a "comer" and it was lucky indeed, that the local management had a string to him when the young catcher went to Saginaw last spring.

All the Hoosiers except Brashear and Fricken "boosted" their batting averages at the expense of Manager Lowney's amateur. It is not often that a team makes eighteen hits in one game.

Fort Wayne has played two errorless games in succession. The team is playing about the best fielding game of any of the Inter-State clubs. Babb's work recently has simply been phenomenal.

The Indianapolis and Chicago American teams have established a record. Six times this season have the games in which they were contesting been shut-outs, and of these games Chicago won five.

SOLEMN VOWS ARE TAKEN.

At St. Joseph hospital on Wednesday a large class of young ladies took upon themselves the solemn vows of the sisterhood of the Poor Handmaids of Christ. Twelve who took the veil eighteen months ago now took the permanent vows—Sisters Veneranda, Edeltrudis, Dolorosa, Quirina, Clarentia, Involiata, Ernestina, Stella, Gerhardina, Scholastica, Lucia and Anabilis. The following novices took the habit, the name in each case being followed by that taken with their sacred promises:

DETROIT. Never before have such inducements been offered to visit Detroit, making the round trip in a single day. Tickets, $1.60 next Sunday via Wabash R. R. and White Star Line Steamers. Train leaves at 5:50 a. m. 2tf

DETROIT EXCURSION BY BOAT.

Beginning Sunday, July 22d, and continuing during the remainder of the summer, the WABASH will sell tickets to Detroit and return at the very low rate of $1.60. Detroit passengers will leave Fort Wayne at 5:50 a. m., on the WABASH FAST EXPRESS and reach Detroit at 1:30 p. m., where a stay will be made until 5 p. m., giving three and one-half hours in the beautiful city of Detroit. The lake ride between Toledo and Detroit is one of the most attractive on the great lakes. A special train will leave Toledo, returning at 9:30 p. m., for the accommodation of Detroit passengers. This will in no wise conflict with the already popularly established Put-in-Bay and Toledo Sunday trips. 18-tf

THE MARKETS.

Chicago, Aug. 2.—The most prominent feature of the wheat market today was its dullness. The pit at times was not more than half filled and the little trading done was almost entirely of a local nature. The opening was weak and lower. Traders were disappointed at the failure of foreign markets to respond to yesterday's advance here and crop reports, almost invariably favorable, weakened still more their confidence. Many of yesterday's buyers turned sellers, and prices during the first half hour's trading were on the down grade. After that the market became slightly firmer and recovered somewhat. There was no improvement, however, in the volume of business. September opened at 75¼@75½c, a decline of about ⅜@½c from yesterday, later recovering to 75¾c and holding around that price. Northwest receipts were 235 cars, against 235 last week and 229 a year ago. Chicago receipts were 255 cars, 42 of contract grade. Northwestern experts made the assertion that the new crop was the finest in quality in years.

Corn was dull, weak and lower. Crop reports were all favorable, and weather conditions were ideal. There were a good many selling orders on the market, and the demand was slow. Later prominent local dealers bought moderately and the market steadied somewhat. Local receipts were 281 cars. September opened ⅛@⅜c lower at from 37⅝c to 38c, and fluctuated between those prices, finally steadying around 37⅞@38c.

Oats were dull and easier at the opening, becoming steady later. Elevator interests were sellers against country acceptances, local shorts being the best buyers. Receipts were 326 cars. September opened a shade lower at 21⅛@21¼c and advanced to 21⅜c.

Provisions showed some reactionary tendency at the opening. The hog market was weak and the demand for meats slow. Provisions stocks were about as expected. Commission houses sold early. There was a better demand at the decline and prices gradually improved. September pork opened 5@12½c lower at $11.95@12.00 and advanced to $12.07½. September lard opened 5@7½c lower at $6.85 and advanced to $6.87½. September ribs opened 5c lower at $7.07½@7.10, sold at $7.12½ and reacted to $7.10.

THE CLOSE.

Prices at the close were as follows:

Wheat—Aug., 73¾@73⅞c; Sept., 74¾@74⅞c.

Corn—Aug., 37½c; Sept., 37½c.

Oats—Aug., 20¾c; Sept., 21⅛c.

Pork—Sept., $12.20; Oct., $12.15.

Lard—Sept., $6.87½@6.90; Oct., $6.92½.

Ribs—Sept., $7.17½; Oct., $7.15.

Flax—Cash,. $1.42; Aug., $1.36; Sept., $1.30@1.31; Oct., $1.35; Nov., $1.33.

CHICAGO LIVE STOCK.

Chicago, Aug. 2.—Cattle—Receipts, 7,000, including 500 Texans; market active, steady, to shade lower. Good prime steers, $5.25@6.00; poor to medium, $4.60@5.20; stockers and feeders, $3.00@4.75; cows, $3.00@4.60; heifers, $3.00@5.10; canners, $2.25@2.85; bulls, $2.90@4.60; calves, $5.00@6.75; Texas fed steers, $3.35@4.30; Texas grass steers, $3.35@4.30; Texas bulls, $2.50@3.40.

Hogs—Receipts today, 18,000; tomorrow, 13,000; left over, 2,838. Market opened 5c higher, closed weak; top, $5.50. Mixed and butchers, $5.15@5.50; good to choice heavy, $5.20@5.50; rough heavy, $4.95@5.15; light, $5.30@5.50; bulk of sales, $5.20@5.40.

THE DAY ON WALL STREET.

New York, Aug. 2.—The expectation of dividend action today on Baltimore and Ohio caused speculation in that stock at the opening at an advance of over a point. There were gains elsewhere in sympathy, but the number of stocks dealt in were small and trading was very dull. The Steel stocks were inclined to heaviness.

A raid on Continental Tobacco preferred uncovered stop-loss orders, which carried it down 4⅜ to 75½. The common stock and American Tobacco yielded a point in sympathy. Baltimore and Ohio gave way below 76 and the list generally became easier. Sugar and Brooklyn Transit then pushed up a point each. The metal group was irregular. Tennessee Coal, Anaconda Mining and Steel and Wire rose a point each, but Pressed Steel and Republic Steel issues were weak. Toward 11 o'clock the market became weaker. Prices in the most active stocks relapsed sharply. Baltimore and Ohio ruled 5@8 under yesterday's close. Sugar lost all of its rise and Pennsylvania dipped a point. Sugar subsequently rallied strongly. Pennsylvania recovered fully and Brooklyn Transit was pushed up to 59 on meagre transactions.

Prices of active bonds showed slight changes either way.

NEW YORK PRODUCE.

New York, Aug. 2.—Butter—Receipts, 6,232 pkgs; market firmer; creamery, 17@19¾c; current packed factory, 14@15¾c; imitation creamery, 15@17½c.

Cheese—Receipts, 6,699 pkgs; market firmer; large colored, 9¼c; large white, 9⅛c; small colored, 10c; small white, 9⅛@9¾c.

Eggs—Receipts, 7,813 pkgs; market steady; western at mark, 11@13½c for average lots; western, loss off, 15½c.

Sugar—Market steady fair refining, 4⅜c; refined, steady; crushed, $6.40; powdered, $6.20; granulated, $6.10.

Coffee—Market dull and easy; No. 7 Rio, 9¾c; sellers.

POULTRY MARKET.

New York, Aug. 2.—Alive, weak; springers, 12@12½c; dressed, firm; western broilers, 10@12c.

THE MONEY MARKET.

New York, Aug. 2.—Money on call nominally at 1½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange firm at $4.87¾ for demand and at $4.83⅞ for 60 days; posted rates, $4.84½@4.85 and $4.88½ commercial bills, $4.83@4.83½; silver certificates, 61½@62½c; bar silver, 60¾c; Mexican dollars, 48½c.

THE BOND MARKET.

WILL PLAN THE CAMPAIGN.

Chicago, Aug. 2.—It was announced today at the democratic national headquarters that an important conference will be held here on the return of W. J. Bryan from Indianapolis. Senator Jones, chairman of the democratic national committee, Charles A. Towne and many leading democrats are expected to be present. The whole political situation, it is said, will be discussed and before Mr. Bryan departs for Lincoln, it is believed the whole democratic plan of the campaign will have been agreed upon, including the part to be taken by Mr. Bryan himself.

A. C. L. RALLY.

The monthly rally of the Anti-Cigarette league will be held at the city hall Saturday afternoon, beginning at 2 o'clock. Rev. J. W. Lake, of the U. B. church, will give the invocation, and an interesting session is anticipated. Miss Florence McMillan, of this city, and Master William Conklin, of Bloomington, Ill., will give selections, and the meeting will then be in charge of the representatives of Sunday schools and young people's societies.

A CITIZENS' MEETING.

A citizens' meeting will be held at the Rudisill school building Friday evening, beginning at 7:30 o'clock. There will be addresses by J. W. Burns, of the Railroad Y. M. C. A., Dr. Ferguson and others.

BROKERS QUIT THE FIGHT.

Chicago, Aug. 2.—Adolph Lichestern & Co., the brokerage firm which has been bitterly fighting the efforts of the board of trade to shut out its quotations from their offices, has dismissed its injunction proceeding against the board cutting off quotations and the board dismissed the cross bill wherein Lichestern & Co. were charged with bucket shopping operations. Mr. Lichestern said that he is now acting in conformity with the rules of the board of trade and will application for membership.

BISHOP HORSTMAN ILL.

Cleveland, O., Aug. 2.—Bishop Ignatius F. Horstman, of the Cleveland Catholic diocese is seriously ill at his residence in this city. He has been confined to his bed for ten days past, suffering from a complication of diseases.

COL. J. M. LOOMIS DEAD.

Chicago, Aug. 2.—Col. John Mason Loomis, one of the best known lumber merchants in the west, died here today. He was a native of Connecticut. During the civil war Colonel Loomis commanded the Twenty-sixth Illinois infantry.

POPULATION OF LOUISVILLE.

Washington, Aug. 2.—The census office today announced the population of Louisville, Ky., as 204,731, an increase of 43,602 over the census of 1890.

The only European country which has a lower death rate than England is Norway.

viceroys and governors to expel all missionaries from China and to arrest all Christians and compel them to renounce their faith. Other decrees applauding the boxers speak aprovingly of the burning out and slaying converts. Their leaders are stated in a decree to be princes and ministers.

SCARED BY TIEN TSIN NEWS.

"On July 18 another decree made a complete volte face due to the victories of the foreign troops at Tien Tsin. In this decree, for the first time and one month after the occurrence, an allusion was made to the death of Baron Von Ketteler, the German minister, which was attributed to the action of local brigands, although there is no doubt that it was premeditated and that the assassination was committed by an imperial officer, as the survivor, Herr Cordes, can testify.

"The force besieging the legation consists of the imperial troops under General Tung Lu and General Fuh Siang, whose gallantry is applauded in imperial decrees, although it has consisted in bombarding for one month defenseless women and children cooped up in the legation compound, using shell, shrapnel, round shot and expanding bullets.

TREACHERY THAT FAILED.

"They posted proclamations assuring us of protection, and on the same night they made a general attack in the hope of surprising us.

"There is still no news of Pei Tang Cathedral. The wounded number 138, including the American surgeon, Lippitt, severely wounded, and Captain Myers, who is doing well. Several Americans have been killed.

"All the ministers and members of the legations and their families are in good health. The general health of the community is excellent, and we are contentedly awaiting relief."

After enumerating the casualties already reported and giving the total of deaths, including American, as fifty-six, Mr. Morrison adds:

"The Chinese undermind the French legation, which is now a ruin, but the French minister (M. Pichon) was not present, having fled for protection to the British legation on the first day of the siege."

WANT ADVANCE ARRESTED.

Paris, Aug. 2.—The French consul general at Shanghai telegraphs today as follows:

"Li Hung Chang has stated to the United States consul that the ministers will be put in communication with their respective governments if the allies arrest their march on Pekin. Chang is yet unable to secure a reply to the message, in his care, to M. Pichon (the French minister in Pekin), as the tsung li yamen will not consent to the forwarding of cipher messages of the ministers.

"It is asserted that the foreigners within the imperial city and the consular corps have decided to entrust the defense of the concessions to the international naval forces."

THE CABINET MEETS.

Washington, Aug. 2.—The special cabinet meeting today lasted about two and a half hours. There were present, besides the president, Secretary Hay, Secretary Root, Secretary Gage and Postmaster General Smith.

The discussion was confined almost exclusively to the Chinese situation. All the details of the situation since the president went to Canton two weeks ago were carefully gone over and a general exchange of views was had.

The definite information of the safety of the legationers at Pekin and the hope for their final rescue were considered the best features of the situation. The administration desires an immediate movement on Pekin if it can be inaugurated without too much danger, and while no news has come from General Chaffee that the forward march has begun, such news is hourly expected.

GRANTED A DIVORCE.

Judge W. J. Vesey is out of the city and Attorney A. J. Vesey acted as superior court judge today. He heard the evidence in the divorce case of Myrtle Martin vs. Sydney Martin and granted the wife a decree. She was allowed to resume her maiden name, Myrtle Chamberlain.

MR. BRYAN OUTLINES WORK.

Lincoln, Neb., Aug. 2.—W. J. Bryan today outlined his work for August, as follows: After the notification at Indianapolis, August 8, he will return to Chicago for a few days to consult with members of the national committee. He will then return to Lincoln, where he will remain until August 30, when he will go to Chicago to attend the national Grand Army encampment. During his stay in Lincoln between the Chicago trips Mr. Bryan will complete his letter of acceptance, which is now partially written, and this will be issued. He will also prepare addresses for the populist and silver republican notifications. Willis J. Abbott, head of the democratic press bureau, at Chicago, will give advance copies of Mr. Bryan's Indianapolis notification speech to the press either Monday or Tuesday of next week. The time and place for the populist and silver republican notifications have not yet been fixed.

THE DATE IS AUGUST 5.

The big Sunday school conference to be held at Winona Park will begin next Sunday, Aug. 5, and not on August 25th, as an error caused The Sentinel to announce a few days ago. The conference will continue Monday and Tuesday, Aug. 6 and 7, and it is believed that this will be one of the most important and helpful Sunday school conventions ever held in the state.

COURSE OF POWERS TRIAL

GOLDEN'S BROTHER-IN-LAW IS RECALLED.

Makes a Change in His Testimony as to the Pay Offered Golden to Leave the State.

Georgetown, Ky., Aug. 2.—Rev. John Stamper, brother-in-law of Wharton Golden, was recalled today in the trial of Caleb Powers, charged with complicity in the Goebel shooting.

Colonel Henricks cross-questioned him as to the part he took in getting republicans from Scott county to go to the state capital on January 25.

He answered that he secured quite a number. On redirect examination Stamper said his conversation with Golden regarding the money he (Golden) was to receive for convictions was confidential, but that he made them public because a man's life was in jeopardy.

"The witness should not make stump speeches in the court house," said Judge Cantrill, sharply.

Stamper declared he had never been asked by any one to offer money to Golden to leave the state before the trial. His memory had been refreshed since adjournment of court yesterday and he desired to correct the statement made then that his offer of $5,000 to Golden was after the talking with Caleb Powers, the defendant. He said he had the conversation with Golden before talking to Powers.

The defense called R. L. McClure, of Lexington, a newspaper man. Attorney Owens asked him if Witness Golden had not said to him that Youtsey was a fool for talking too much and would not get a cent, but that he (Golden) had fixed it before he told his story to the prosecution. The prosecution objected and was sustained by the court. An exception was taken.

Col. C. C. Mengel, of the First regiment, Kentucky national guard, followed. He produced two telegrams received at Louisville on the day of the shooting at 2 p. m., containing only the words "All right," and signed "D. R. Collier, Adjutant General;" also a letter from Collier explaining that the words "all right" meant for the witness to come to Frankfort and bring a regiment and a gattling gun. On cross-examination the prosecution read this letter to show that Collier had sent the telegrams before and not after noon. Colonel Mengel produced orders signed by Governor Taylor for the movement of the regiment to Frankfort.

He said he could not explain why the order was issued on January 18, the date it bore, and not executed until the 30th inst. In the order Taylor directed him to obey "all orders and signals" given him by Adjutant General Collier.

Stephen G. Sharpe, of Lexington, chairman of the mountaineers' meeting held on the steps of the capital January 25, produced the minutes and resolutions of that meeting. Recess.

SPECIAL NOTICE!

Saturday, August 4th, is the last day of our Clearance Sale. THE PEOPLE'S STORE.

In every Chinese city there is a countless crowd of students, who have taken their degrees and are waiting for apopintments under the government, some of which never come. Hoping against hope for a bare living, they attach themselves to the nearest yamen and fatten and breed on the extortion of palm oil. These yamen runners, like the petty tchinovniks of Russia, are the curse of the poor when they get them into their net.—New York Times.

WANTS NEW HOME

BROTHERHOOD OF FIREMEN SEEKS NEW HEADQUARTERS.

MAY COME TO FORT WAYNE

CITY POSSESSES ALL THE NECESSARY CONDITIONS.

PUSH MAY LAND THE PRIZE

WORTH AS MUCH AS A FACTORY EMPLOYING FIFTY MEN.

In a circular to the subordinate lodges of the Brotherhood of Locomotive Firemen Grand Master F. P. Sargent and Grand Secretary F. W. Arnold call attention to the fact that an effort will be made at the coming meeting of the grand lodge at Des Moines, Iowa, to remove the official headquarters from Peoria, Ill., to some city more centrally located. Messrs. Sargent and Arnold favor the continuance of headquarters at Peoria, but a vast part of the order do not and the grand officers recognize this fact and aim to prepare the order for a selection of another city when the contest is on. In their circular they name some of the conditions which must surround the propositions for removal and they are practically those existing in this city. Whether Fort Wayne will be a candidate for honors in this connection remains to be seen, but it is the belief of those who have given the matter any thought that a vigorous and well directed effort will land the prize. The headquarters of the brotherhood is worth considerable—in fact, the benefits derived from it are said to equal those from a factory that employs from fifty to seventy-five men. If this statement is correct, surely it is worth an effort to locate the headquarters here. One of the leading requirements for an ideal headquarters, in the opinion of Messrs. Sargent and Arnold, is a centrally located city with a population not to exceed 60,000. "The advantages of a city of this kind," they say, "are paramount to a city larger for many good reasons." Other conditions, all of which Fort Wayne possesses, are as follows:

1. First-class banking facilities, which mean absolute solvency of the bank in which our funds are deposited, as well as a careful, safe method of handling the funds deposited therein. A fair rate of interest computed and credited to our daily account, the rate of which shall not be less than 3 per cent. The cashing and crediting of all exchange papers, etc., free of charge to the brotherhood. The issuing of checks or drafts for any amount, from $1 to the full sum on deposit.

2. Postal facilities, which includes a reasonable close location to the offices of the brotherhood (not exceeding two blocks). The frequent delivery of mail matter (not less than four deliveries each day); also the frequent collection of mail.

3. Railway facilities, which furnish ample opportunities for arrival and departure in all directions upon short notice, and the roads entering therein shall be those known to be not unfrendly to the several railroad labor organizations.

4. Offices that will furnish ample room for the transaction of all brotherhood business. There should be at least 3,000 square feet of floor space. The rooms should be conveniently high, where they are free from dust, dirt and noise. They should have ceilings ten feet high so as to furnish ample ventilation and pure air, an abundance of light, elevator service, etc., and should be heated and halls lighted at landlord's expense. There should be one or more large, absolutely fire proof vaults, wherein the books and accounts of the brotherhood can be kept safe from destruction by fire or water. In fact, the building should be a thoroughly modern, steel structure with all the latest conveniences, at a rental that will not exceed $1,500 for an abundance of room and other essentials.

5. There should be ample facilities for having printing done by union printers and where competition is such that reasonable prices may be obtained for such printing and bookmaking as are required.

6. There should be located in the city where the headquarters are offices of all the express companies doing business in all parts of the country, as an immense amount of the financial business of the brotherhood is done through the several express companies, as well as the receiving and shipping of many packages of lodge supplies, etc.

7. There should be the best and quickest service by telegraph companies; and, where competition is lively, the above results generally obtain.

Continuing, the grand officers enter into statistics and make the following interesting statement:

Every member of the Brotherhood of Locomotive Firemen has occasion for congratulation on account of the splendid showing made during the fiscal year beginning July 1, 1899, ending June 30, 1900. We have surpassed all previous records, and close the year with a membership of 36,084. This is a net gain for the year of 5,336 members. Our membership on April 1, 1900, was 34,170. It will be remembered that at this time we expressed the wish to our brothers to have 35,000 names upon our rolls, in good standing, at the close of the fiscal year, June 30, 1900, and a special appeal was made to the brothers to bring the membership up to this figure. To show how generous was the response of the brothers, our net gain from April 1, 1900, to June 1, 1900, was 1,914 members. The amount of insurance for which our organization was liable on July 1, 1900, was $49,313,000, divided as follows: 30,407 certificates of $1,500; 2.11 of $1,000, and 3,383 of $500, with 283 non-beneficiary members upon the rolls.

MOVED IN NEW ROOM.

Yesterday afternoon the draughtsmen at the Fort Wayne Electric works moved into the magnificent new room which has been prepared for them on the second story of the main office building and without any exceptions they have the best and most elegantly appointed quarters of any draughtsmen in the city. The room is large, well-lighted and ventilated and is prettily decorated. The engineering department will move into its new room tomorrow or Saturday. They, too, will have elegant quarters. The large space in the southeast part of the second floor vacated by the foregoing changes is now being fitted up for occupancy by General Manager J. J. Wood and Mr. A. L. Hadley, who now have office rooms on the second floor of the main factory building. When they move to their new quarters the partitions will be removed from the old office and the floor space will be added to the factory and equipped with machinery and apparatus.

NIAGARA FALLS EXCURSION.

The Lake Erie and Western company today took the largest crowd out of this state, on its Niagara Falls excursion, in the history of the road. The exact figures are not at hand, but they will approximate 3,000. General Passenger Agent Daily said that the various excursion parties from Indiana, Illinois and Ohio would aggregate over 5,000. These excursions never drew so much of a crowd from Fort Wayne, because of the city's location, passengers having to go to Muncie to catch the excursion proper, but the sales this time were twenty-five, which is about double the sale of former years. The Nickel Plate gets the bulk of the Niagara business from this territory. It will have an excursion later in the month.

LOCAL BUSINESS IN JULY.

H. M. Elliott, agent for the Indiana Car Service association, reports 1,258 cars handled here by the local shippers and business men for the month of July, 1900, against 973 cars during the corresponding period of 1899. The demurrage percentage for the month was 1.2, the lowest in the history of the association. This shows that the shippers are making an effort to unload and load cars as soon as received and also reflects credit upon the local car service agent, through whose efforts this very gratifying condition has been brought about. The business of July fell short 148 car loads of the month of June, but this was to be expected, as July is usually a dull month.

JAMES GORDON DEAD.

Hugh Gordon, of the Pittsburg baggage room, did not reach Stewart, Iowa, in time to see his brother, James Gordon, alive. He left here yesterday morning and was due at Stewart this morning. Last evening a telegram came here, informing the Gordon family of the death, which occurred some time in the afternoon. The deceased had been in Fort Wayne several times and a number of friends will be grieved to hear of his demise.

CAR BUILDER INJURED.

Richard Runcke, a car builder in the east shops, fell from a scaffold yesterday and sustained a badly dislocated shoulder. Notwithstanding the severity of his injury, Mr. Runcke no doubt considers himself lucky in escaping more serious injury, for he tripped and plunged head-foremost from the scaffold, a distance of six or eight feet. Dr. E. J. McOscar is attending the unfortunate man.

TRAINS LATE TODAY.

Last night was unfavorable for railroading and trains were more or less late in reaching terminals, particularly those westbound. Nearly all the Pennsylvania passenger trains came in late, the delay being due to wet rails and unusually heavy traffic. No accidents occurred, however.

CLOVER LEAF'S NEW OFFICERS.

A circular announces the following officers for the Toledo, St. Louis and Western road, the successor to the Toledo, St. Louis and Kansas City:

General Superintendent—C. F. Franklin, of Springfield.

General Traffic Manager—C. D. Whitney, of Springfield.

Assistant General Passenger Agent—C. C. Jenkins, of Toledo.

Assistant General Freight Agent—Thos. J. Cook, of Cincinnati.

Acting General Auditor—E. O. Reed, of Toledo.

Assistant Secretary and Assistant Treasurer—M. L. Crowell, of Toledo.

Superintendent of Telegraph—N. McKinnon, of Toledo.

CAR INSPECTOR HURT.

Henry Meyers was brought home from Dunkirk, O., last night and he is now under the care of Dr. E. J. McOscar for treatment for a most painful injury, which will probably disable him several weeks. Mr. Meyers is a Pennsylvania car inspector and for some time has been stationed at Dunkirk, though his family resides here. Last night he fell from a car platform and wrenched his right knee. C. Roesner was sent down to Dunkirk to work until Mr. Meyers recovers.

INDUSTRIAL NOTES.

L. Linker, of the Pittsburg shops is kept from work by the illness of his wife.

The interior of the Nickel Plate round house is receiving its first coat of whitewash.

The Kerr Murray works shipped a car load of gas machinery to Ashtabula, Ohio, yesterday.

R. J. Fisher is in southern Ohio in the interest of the Bass Foundry and Machine company.

A. L. Searles, of the Chicago office of the Fort Wayne Electric company, is in the city today.

Machinist Joseph Whittles, of the Nickel Plate, is en route to New York and other eastern cities, where he will spend a few weeks.

Sickness in his family keeps C. S. Johnson, a switchman, from his work in the Pittsburg yards.

Yard Engineer Charles Lehr, of the Pittsburg, is taking a lay off for the purpose of attending the races.

Ernest Reinewald and A. J. Klingenberger this morning took positions in the Pittsburg roundhouse.

C. Renken, a Pittsburg shopman, is off duty on account of injuries received while at work last Tuesday.

J. C. Klinkenberger, foreman of the cab builders at the Pittsburg shops, is taking a lay off to attend to private affairs.

Henry Kloepper, boilermaker, has returned from Toledo, where he spent several days in working for the Wabash.

John McDorman, who had a hand injured last week, resumed his duties in the Pittsburg blacksmith shop this morning.

W. D. Rowe, night yardmaster of the Wabash, is on duty again, after an illness of a week. He was at the hospital at Peru.

George Scheid, machinist in the Pittsburg shops, who had been off on account of an accident, resumed work this morning.

Nickel Plate Brakemen Staley and Davis have been placed in the regular service and with Conductor Howley now compose a train crew.

W. K. Noble placed an order with the Bass works today for a 150-horse power boiler. He is about to establish another hoop factory.

H. V. Johnson, traveling inspector for the Indiana Car Service association, was in the city yesterday, consulting with Local Agent H. M. Elliott.

Nickel Plate Brakeman J. C. Miller has been kept at home for two or three days on account of the illness of his wife, who has been ailing for some time.

W. E. Paul, of the Pittsburg planing mills, is a member of the excursion party which left this morning over the Lake Erie and Western for Niagara Falls.

Machinist W. S. Wells, of the Pittsburg shops, is in Richmond, Ind., looking after the interests of the Royal League, of which order he is grand archon.

The large Wabash steam shovel left this city this morning in charge of Engineer Bruns, for Wolcottville, on the Detroit division, where it will go into service.

Charles Bruck, a painter in the Pittsburg shops, is an enthusiastic horseman and never misses an opportunity to attend a race. He is taking a lay off this week for that purpose.

The sick lists at the Pittsburg shops were enlarged this morning by the following names: M. Conners, Jule Henry, J. R. Medsker, C. Doehrman, C. L. F. Gerke, P. Weaner and Harry Mills.

Three new men have been taken on in the Kerr Murray machine shop this week. They are Messrs. Henry Goings, Walter Tomkinson and A. Blum.

Mrs. Carpenter, wife of Engineer W. H. Carpenter, of the Pittsburg, and their children, left last night for Johnsburg, Pa., to visit relatives a few weeks.

Brakemen C. J. Smith and Joseph Hamilton are off duty, the former on account of sickness and the latter for the purpose of going fishing. They are employed on the Nickel Plate.

Messrs. H. Dickman, H. Schophorst, K. Meyer, J. H. Beitzel and A. Jordon, employes at the east car shops, who have been off duty for various reasons, reported for work yesterday.

Frank Fox, late of the Pennsylvania police department, now foreman of a large manufacturing establishment at Youngstown, Ohio, and his wife are visiting friends in the city.

C. M. Marshall, the Nickel Plate brakeman, who took a lay-off with the intention of taking a pleasure trip, has changed his mind in that connection and yesterday reported for duty on the road.

It is stated that the gross earnings of the Pennsylvania road for July were $700,000 in excess of those of July, 1899, in which month the earnings were larger than in any previous month in the road's history.

C. Vardaman has returned to railroading after being engaged otherwise for two years. He has secured a position as brakeman on the Nickel Plate. Two years ago he was a switchman in the company's yards in this city.

Brakeman P. M. Henderson, while out on his run on the Nickel Plate Tuesday night, was struck on the head with a piece of coal and painfully injured. In consequence of the accident he will be unable to work for a few days.

Charley Mason, the oldest engineer in the employ of the Northwestern Railway company, on the Galena division, and perhaps the oldest on the entire system, is dead. He was an engineer for thirty-seven years with the Northwestern.

John Dailey, an employ of the blacksmith department of the Kerr Murray works, lost a portion of the middle finger of his left hand yesterday by a heavy angle iron falling upon his hand. Dr. L. D. Sturgis dressed the wounded hand.

John M. Miller and W. D. Keim, Nickel Plate brakemen, have exchanged places and the former is now a member of Conductor Meyers' crew on the third district, while Mr. Keim is a member of Conductor Houder's crew on the fourth district.

Edward Washburn, president and general manager of the Kansas City, Fort Scott and Memphis line, is seriously ill at Rye Beach, N. H. He was stricken while east on his summer's vacation, and his physicians say that he must drop all business cares and take a long rest. He will remain at Rye Beach for an indefinite period.

Orders for cars aggregating in value nearly $2,000,000 have just been taken by the Pressed Steel Car company to be made at the McKee's Rocks and Woods Run plants. Placing of orders to this extent within a few days is an excellent evidence of the strength that railway managers see in the business outlook. In this there is no better barometer than the railways. These orders all come from western roads.

Miss Edith Kesler, of Danville, Ill., passed through the city last evening en route to Middlepoint, Ohio, and left her pocketbook, containing several dollars, on a window sill at the Pennsylvania waiting room. Miss Mary McNierney found the purse and turned it over to Captain Stoll, who later forwarded it to the owner. Miss Kesler supposed she had left the purse on the Wabash train, and telegraphed Colonel Thompson, who in turn telegraphed to the conductor of the train and a search of the car was made, but without avail.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and $1.00. Guaranteed. Trial bottles free at Dreier Bros.' drug store.

CAUSED A SCARE.

Somebody saw a puff of smoke emerging from a Lakeside street car as it reached the transfer corner about 11 o'clock this morning and started a cry of fire. A big crowd quickly gathered and it was found that the strong electric current had burned out a fuse in the lower part of the car. There was no damage.

CAMP MEETING TONIGHT.

The program this evening at the colored camp meeting at the Driving park will be very interesting, and will consist, largely, of selections by the jubilee glee club. Old plantation melodies will be sung as well as gospel hymns. There will be brief addresses by several preachers present. On Saturday evening there will be a representation of the wedding ceremony as performed in the old slavery days. There were no meetings this afternoon.

CAN TRANSMIT AUTHORITY.

In the scheme of the Chinese government the emperor has absolute power, and is personally concerned with the smallest details, his signature being required for the most insignificant papers of the state except when he gives the great seal of the empire to a minister. This trinket transfers his power to the holder. Succession to the throne is not ruled by heredity. The heir is selected by the emperor himself from among the members of a younger generation of the imperial family. The late sovereign died before naming his successor, and the selection was made in 1875 by the famous dowager empress, who placed Kwangsu upon the throne.—Chicago Times-Herald.

ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, AUG. 2, 1900. PRICE TWO CENTS

A CRISIS REACHED

China Must Permit Mr. Conger Free Communication With Home Government.

WILL NOT HALT RELIEF FORCE

Washington, Aug. 2.— The state department, having made public today the correspondence with Li Hung Chang relative to the release of the ministers at Pekin, and the position of this government being officially disclosed as one of unalterable opposition to the institution of negotiations in advance of free communication with the ministers at Pekin, it is believed that a crisis has been reached, diplomatically speaking, in the Chinese situation.

If the Chinese government decides to accept Secretary Hay's terms, it must do so very promptly and its answer may be forthcoming at any moment.

Otherwise the march on Pekin proceeds. Neither the military nor naval commanders at Tien Tsin or Taku have advised the government here of the reported forward movement of the international force.

The officials would not be surprised at the lack of report, even were the march already under way, owing to the delays in telegrams between Tien Tsin and Che Foo. Doubt is expressed here, however, as to the actual forward movement in force, owing to the lack of cavalry and artillery. It is stated that military practice would not warrant the forward movement of the entire international command until thorough reconnaisance had been made of the country in the immediate front.

Moreover, it is said the column would not start forward as a whole, but in detached bodies, leaving a considerable force at the base—Tien Tsin. The last advices from any official source that have been received by the state department regarding the strength of the international force were to the effect that it numbered 28,000 men of all arms.

This has since been increased by at least one regiment and one battery of United States troops; by 250 United States marines, and by an unknown number of Japanese troops, but the impression is that the aggregate strength of the column is not above 50,000 men.

This, however, is regarded by our government as quite sufficient for the purpose of an immediate advance, and holding that view, it has lost no opportunity of quietly but earnestly urging the Europeans to action.

Advantage was taken of the opportunity afforded by the president's return to Washington this morning to hold a meeting of the cabinet. Secretary Hay was prepared with a full report of all that he had done in relation to the Chinese trouble since the president's departure and there was little for the cabinet to do but to set the seal of its approval upon the secretary's policies, and particularly upon the energetic communication to Li Hung Chang.

HAY ADVISES LI HUNG CHANG.

Washington, Aug. 2.—The state department has made public the following correspondence between Li Hung Chang and the department regarding the abandonment of the campaign in Pekin:

"Telegram sent to the United States embassies in Berlin, London, Paris, Rome and St. Petersburg, and to the United States minister, Tokio:

"'Department of State, Washington, Aug. 1, 1900.—In reply to a suggestion of Li Hung Chang that the ministers might be sent under safe escort to Tien Tsin provided the powers would engage not to march on Pekin, the secretary of state replied on the 30th of July:

"'This government will not enter into any arrangement regarding disposition or treatment of legations without first having free communication with Minister Conger.

"'Responsibility for their protection rests upon Chinese government. Power to deliver at Tien Tsin presupposes power to protect and to open communication. This is insisted on.'

"This message was delivered by Mr. Goodnow on the 31st to Viceroy Li, who then inquired whether, 'if free communication were established between ministers and their governments, it could be arranged that the powers should not advance on Pekin pending negotiations.'

"To this inquiry the following reply was sent on the 1st of August:

"'Goodnow, Consul General Shanghai: I do not think it expedient to submit the proposition of Earl Li to the other powers. Free communication with our representatives in Pekin is demanded as a matter of absolute right, and not as a favor. Since the Chinese government admits that it possesses the power to give communication it puts itself in an unfriendly attitude by denying it. No negotiations seem advisable until the Chinese government shall have put the diplomatic representatives of the powers in full and free communication with their respective governments and removed all danger to their lives and liberty.

"'We would urge Earl Li earnestly to advise the imperial authorities of China to place themselves in friendly communication and co-operation with the relief expedition.

"'They are assuming a heavy responsibility in acting otherwise.

"'Hay.'

"You will communicate this information to the minister of foreign affairs."

MR. WU DISTRESSED.

Washington, Aug. 2.—The Chinese minister had just read the dispatch of Dr. Morrison, from Pekin to the London Times, when he was seen by a representative of the Associated Press this morning.

Mr. Wu, who all along has maintained an optimistic tone as to the trend of events in China, seemed more distressed by yesterday's developments that at any time since the Chinese trouble began. He said:

"Of course, I do not know this correspondent and I cannot tell what his sources of information are. They certainly are not official utterances. He evidently has been under siege in the British legation for a month and is naturally irritated so that his utterances probably are biased and he is inclined to believe the worst of the imperial authorities.

"I see that he makes the direct statement that I have telegraphed my government that the United States would 'gladly assist the Chinese authorities.' This is untrue and it is unfair to me. I have telegraphed nothing direct to my government beyond forwarding the president's reply to the request of the Chinese government for mediation. Everyone knows what that is. The statement that I have led my government to expect help from the United States is most unfair to me. It looks as though I had not been dealing candidly.

"As a matter of fact, I have been doing my utmost to deal honestly with both sides, and as a loyal subject I have tried to point out the best course to my home government. In my communications with the viceroys and high officials with whom I have been in correspondence I have urged that the ministers be put in free communication with their governments.

"I had only two direct communications with my government since the first trouble occurred, which shows that direct communication is not easy."

It may be stated on good authority that the state department, whatever may be its opinion of the imperial government of China, has had no reason to change its opinion as to the sincerity and good intentions of the Chinese minister here and the department is continuing to deal with him in entire confidence, despite the peremptory tone of the last message addressed by Secretary Hay through him to the Chinese government.

Regarding the possibility of violence being renewed against the Pekin legations in case the march of the international column on the capital was not arrested, Mr. Wu declined to talk.

He said it was impossible to fairly judge of the situation from this distance, but it was evident from his tone that he was exceedingly anxious over the outcome.

WILL GO TO LAPORTE.

Next week the German Lutheran ministers of the city, the instructors at Concordia college and delegates from the German Lutheran congregations of the city will go to Laporte to attend the district synod of that church which convenes on Wednesday and continues eight days. The central district, embracing the states of Ohio, Indiana and Illinois, will be represented in the synod, and the time will be devoted to the consideration of theological and economic questions of vital moment to the membership. J. F. W. Meyer, of this city, will attend the synod as a visitor.

NEW FENDERS SAVE A LIFE

PICKED UP A PEDESTRIAN AT MURRAY STREET.

Appliance Worked Successfully and Man Was Unharmed—Minor Accidents of the Day.

The advantage of the new fenders on the street cars was forcibly illustrated this morning when a pedestrian attempted to cross South Calhoun street just ahead of a Belt line car, northbound, at Murray street.

The car was but twenty feet away as the man stepped upon the track. He had come from the east on Murray street and did not see the car until it was too late to avoid it. The horrified spectators expected to see the pedestrian killed or at least badly injured, but the fender simply scooped him up safely, and he escaped with but a few slight bruises. He sat clinging to the fender until the car was stopped, and then quickly walked away.

WAITED SEVERAL DAYS.

Thomas Leahy, a workman on the intercepting sewer, sustained a fractured leg on Saturday. He was struck by a bucket which fell as it was being lowered from the top of the sewer. No physician was called to attend the injury until Wednesday afternoon, when Dr. Hammond reduced the fracture.

CONTRACT IS AWARDED.

The contract for the construction of the bath house, to be built on the grounds of Concordia college for the use of its students, has been awarded to Contractor William F. Kruse. The building, a description of which has previously been published in The Sentinel, will cost about $3,500. Contractor Kruse has commenced work on the new building, which will be completed in about eight weeks. The bids for the hospital were too high, and it is probable that work on that structure will not commence until fall.

MICHAEL DOES NOT APPEAR.

Bridgeport, Conn., Aug. 2.—Jimmy Michael failed to appear today for the second in the series of races between Michael and Johnny Mason, to determine the middle distance championship of the world, and in consequence was suspended by the executive board of the National Cycling association.

LOCAL NEWS.

Miss Esther McGovern, of Logansport, is the guest of Mrs. George F. Wild.

Jesse Brossius has gone to Niagara Falls where he will visit for a few weeks.

TO KILL THE SHAH

AN ATTEMPT IN PARIS TO SLAY PERSIA'S RULER.

ATTACKED IN HIS CARRIAGE

ASSAILANT WAS ARMED WITH A REVOLVER.

SAVED BY THE GRAND VIZIER

WOULD-BE ASSASSIN PLACED IN CUSTODY.

Paris, Aug. 2.—An attempt on the life of the shah of Persia, Muzafer-Ed-Din, was made this morning, but luckily it resulted in no harm to his majesty. A man broke through a line of policemen as the shah was leaving his apartments and tried to mount the royal carriage step.

He had a revolver in his hand, but as soon as his intention was divined the police disarmed him before he was able to fire.

He was seized and placed under arrest.

At the police station the man expressed regret that he had been unable to carry out his intentions. He said: "This is an affair between me and my conscience."

It was just a quarter past 9 o'clock when the carriage of the shah emerged from the Court of Sovereigns' palace. Seated in the carriage with the shah was his grand vizier, while opposite him sat General Parent. The carriage turned to the left, towards the Avenue Bois de Boulogne. It has proceeded but a few yards when a man dressed as a laborer sprang from between two automobiles, where he had been hidden. He broke through the line of policemen, overturning a bicycle officer, and jumped upon the royal carriage step. In one hand the man had a cane, which he raised as though to strike, but this movement was only intended to hide his real purpose, for in the other hand he held a revolver.

GRAND VIZIER SAVED SHAH.

The attempted assassination there came to an end, for the grand vizier struck the weapon from the man's hand and at the same time officers caught his arm from behind and overpowered him.

A crowd of 500 people who witnessed the attempted assassination made a rush toward the would-be murderer and tried to attack him, but there were many police in the neighborhood acting as guards of the shah and these prevented the mob from doing violence to the miscreant.

The prisoner was taken to the police station.

This afternoon the shah carried out his program for a trip down the Seine to Versailles.

The would-be assassin declines absolutely to give his name or occupation. He speaks but little and that with a southern accent.

He is about 26 years of age, has chestnut colored hair, a large moustache and blue gray eyes. He was dressed in a blouse and wide trousers, the usual clothes of a carpenter. In his pocket was found an ugly knife and a handkerchief marked "128th Regiment Infantry." When this was discovered the man said:

"That will not aid you in your inquiries concerning my identity."

GIVES SHAH A WARNING.

Later in the day, to some officials of the household of the shah who tried to interrogate him, the prisoner said:

"Your master will do well to resign; otherwise we will kill him."

An eyewitness of the attempted assassination says the courage of the shah was remarkable. He acted with perfect coolness and was among the first to seize his would-be murderer, holding him with both hands until the man was thrown to the earth by the police.

Just before starting from the palace the shah received a letter dated Italy, signed with an Italian name, but posted in Paris, announcing to him that he would be assassinated today. The police believe the man who attacked the shah not alone in his efforts. The whole of the police department is at work seeking for his accomplices.

BUY THE WELLINGTON.

George Oppelt, formerly an employe of the New Aveline hotel barber shop, and Oscar Wahrack, the well known restaurateur, have purchased the Wellington cafe and will take charge of the establishment on Monday next. A. B. Shank, who has recently been the owner of the Wellington, will return to his former home at Hicksville, but has not decided upon his future course.

SURVEYORS START.

The Fort Wayne and Butler Railroad company's party of surveyors began this morning on a survey of a line from this city to Maysville, and thence north until it strikes the line previously run to Butler. The new line will be completed within a few days, and the locating route will be determined after considering the advantages each line offers.

ATTEMPT TO DESTROY A TOWN

INCENDIARY FIRE STARTED IN FAISON, N. C.

Object Was to Destroy Registration Books in Hope of Defeating Franchise Amendment.

Wilmington, N. C., Aug. 2.—An attempt was made early today to burn the town of Faison, N. C., about fifty miles from Wilmington. The fire began in a drug store in which the registration books for today's election were deposited and the local democrats allege that a plot was afoot to nullify the election in Faison township, a democratic stronghold.

Election here—the scene of the 1898 racial troubles—proceeded quietly. The county will probably give 3,000 majority for the franchise amendment.

BATTLE FOR WHITE RULE.

Raleigh, N. C., Aug. 2. "White supremacy" has been the battle cry of the democrats throughout the bitter campaign which has just closed in North Carolina and the result of which will be evidenced by the casting of ballots today. Conservative estimates by democrats place the majority of the constitutional amendment, which will practically disfranchise the negroes, at 40,000. The leaders of the fusion ticket republicans and populists—who are now in control of the offices of the state and have held them for six years, believe the amendment will be rejected.

ELECTION IS QUIET.

Charlotte, N. C., Aug. 2.—Election in this vicinity proceeded quietly with no disturbance at the polls up to 1 p. m. No interest in the contest was taken by the negroes.

CLASH AT PEACE CONGRESS

UNPLEASANT INCIDENT OVER TRANSVAAL WAR.

M. Dorand Speaks of Impotence of The Hague Conference and Rips Britain Up the Back.

Paris, Aug. 2.—An unpleasant scene in the interparliamentary congress for peace arbitration was narrowly avoided at today's session. M. Dorand, speaking of the impotence of The Hague conference, protested against the war in the Transvaal, and expressed astonishment that the requests for arbitration made by the South African republics had not found an echo in Europe.

Lord Stanhope, one of the English delegates, in reply said that friends of peace in his country had done everything possible to prevent war, but he said it would be impossible for representatives of England to participate in a discussion implying the least blame of England.

The presiding officer turned aside the approaching storm by calling for a vote on the following resolution, which was adopted:

"The congress, acting on The Hague resolutions, expresses its gratitude to those contributing to the results, in the firm hope that the powers will not neglect in the future to utilize the means at their disposition for the appeasement of international convicts and its regret that they have not been able to do so. With actual war in the Transvaal came the attention of the various delegates to the duty devolving upon them to call the attention of their respective governments to the obligations the powers contracted in giving adhesion to The Hague resolutions."

A daughter has been born to Mr. and Mrs. William Rhinehart, of Broadway.

S. B. Fleming was in Huntington on business yesterday.

PEKIN IS THE GOAL

Allied Armies Under Way and it is Reported the Vanguard Was Repulsed.

INTERNATIONALS SQUELCH NEWS

Shanghai, Wednesday, Aug. 1.—The allies advanced towards Pekin today.

It is estimated that the expedition numbers 20,000 men of all arms with 170 guns.

It is hoped to reach Pekin Aug. 12.

VANGUARD REPULSED.

New York, Aug. 2.—According to the Herald from Tien Tsin, under date of Sunday, comes a report that the Japanese vanguard has been repulsed with a loss of a hundred and fifty killed and injured.

FIFTY MISSIONARIES KILLED.

Shanghai, Aug. 1.—It is reported that fifty missionaries have been massacred in the Shan Si province.

WOULD NOT SEE SEYMOUR.

Shanghai, Aug. 1.—Admiral Seymour, on board the British dispatch boat Alacrity, started for Nankin today to consult with Liu-Kun-Yi, viceroy of Nankin. Admiral Seymour wired the viceroy of his intended visit and Liu-Kun-Yi replied:

"I am unwell and cannot see you."

Admiral Seymour insisted upon making the visit, and the viceroy responded by wire:

"I am instructing a warship to proceed down the river to escort the Alacrity to Nankin in case of misunderstanding in passing the forts."

GAZELEE TAKES COMMAND.

Tien Tsin, July 27, via Shanghai, Aug. 1.—General Sir Alfred Gaxelee arrived here today and assumed command of the British forces.

RUSSIA HARD PRESSED.

Shanghai, Wednesday, Aug. 1.—Admiral Alexieff has gone to New-Chwang, where the position of the Russians is regarded as serious.

RUSSIANS TAKE FORTRESS.

St. Petersburg, Aug. 2.—General Grodekoff, under date of Wednesday, Aug. 1, telegraphs as follows:

"The Chinese fortress at Hunghun was stormed by General Ajgustoff July 3, thus relieving the posts of Novokijivskoje and Postja, threatened by the Hunghun garrison. Many guns were taken. The Russian loss was two officers and six men killed and four men wounded."

WERE PROBABLY KILLED.

London, Aug. 2.—The Chinese inland mission received the following cablegram from Rev. F. W. Stevenson today.

"Shanghai, July 31.—Probably Misses King, Burton and Rasmussen and Mrs. Cunnels have been murdered at Ho-Shan, province of Shan-Si. There is a local rebellion in the Ning-Po district, and the worst is apprehended for all the workers, who are two married couples and four single ladies."

AN EMBARGO ON NEWS.

London, Aug. 2.—Because of the fact that Chinese agents at the principal European cable points are in free cipher communication with the viceroys, the foreign commanders at Tien Tsin have seemingly put an embargo on news concerning the size and composition of the forces advancing on Pekin.

Neither the English admiralty nor the foreign office have intelligence from Tien Tsin later than Friday, July 27. Telegrams from Hong Kong and Shanghai indicate that restlessness is increasing in southern China.

The German mission at Namon has been destroyed and the native city of Wu-Chow is no longer considered safe for foreigners. At the Bogue forts target practice is going on. At Canton the authorities are enlisting recruits at $0 a month, twice the usual pay. Proclamations sent to the recruiting stations threaten officers who defraud the troops.

An agency at Shanghai says that Li Hung Chang has asked the United States counsel general, Mr. Goodnow, if he were placed in communication with the minister at Pekin the powers would suspend the advance. Mr. Goodnow, the report adds, replied that he would ask the Washington authorities.

A third brigade was ordered to China from India today. It consists of four native regiments, about 6,000 men.

Another Tien Tsin version of the message from the British minister at Pekin, Sir Claude MacDonald, of July 21, describes him as saying: "We have provisions for many weeks, but little ammunition."

A news agency dispatch from Tien Tsin, July 25, reports that Lieutenant General Linewitch has succeeded Admiral Alexieff in command of the Russian forces there. The Russians, the dispatch adds, are constructing armored trains in the Tien Tsin shops and intend reconstructing the railway as fast as the column advances toward Pekin.

GOVERNMENT IS POWERLESS.

St. Petersburg, Aug. 2.—A communique in the Official Messenger says:

"Information concerning the march of events in China shows the absolute powerlessness of the Pekin government against the rebels.

"The Chinese emperor's message to the czar, dated July 3, substantially in the same terms as those to President McKinley, President Loubet and Queen Victoria, recited the czar's reply to a previous message and expressed grief over the disorders in China.

"The absence of news from Pekin as to the fate of the Russian and other ministers renders mediation difficult. Russian efforts will be directed to the restoration of order in China. Russia is willing to aid the emperor in this respect."

TELLS STORY OF PEKIN.

London, Aug. 2.—Dr. George Ernest Morrison, the Pekin correspondent of the Times, has been heard from direct. The Times this morning prints the following dispatch from him, dated July 21:

"There has been a cessation of hostilities here (Pekin) since July 18, but for fear of treachery there has been no relaxation of vigilance. The Chinese soldiers continue to strengthen the barricades around the besieged area, and also the batteries on top of the imperial city wall, but in the meantime they have discontinued firing, probably because they are short of ammunition.

"The main bodies of the imperial soldiers have left Pekin in order to meet the relief forces. Supplies are beginning to come in and the condition of the besieged is improving. The wounded are doing well. Our hospital arrangements are admirable and 150 cases have passed through the hospital.

FACING BOTH WAYS.

"The tsung-li-yamen forwarded to Sir Claude MacDonald a copy of a dispatch telegraphed by the emperor to Queen Victoria, attributing all deeds of violence to bandits and requesting her majesty's assistance to extricate the Chinese government from its difficulties. The queen's reply is not stated, but the Chinese minister at Washington telegraphs that the United States government would gladly assist the Chinese authorities.

"This dispatch to the queen was sent to the tsung-li-yamen by the grand council on July 3, yet the day before an imperial edict had been issued calling on the boxers to continue to render loyal and patriotic services in exterminating the Christians. The edict also commanded

JESTER IS FREE

OLD MAN ACQUITTED OF THE CHARGE OF MURDER.

REMARKABLE TRIAL ENDED

ACCUSED OF CRIME WROUGHT THIRTY YEARS AGO.

JESTER'S STRANGE DEFENSE

CLOSING SCENE OF STRIKING DRAMA.

New London, Mo., Aug. 2.—The Jester case is ended. The old farmer-preacher who has been accused of bigamy, perjury and various murders breathes the air of freedom. While the prayer meetings were in session last night the worship was interrupted by the tolling of the court house bell, which announced that the fate of Alexander Jester was to be published to the world. The old prisoner came from the jail escorted by Sheriff R. D. Jones. His two sons ran hastily from the Alford hotel. Lawyers and merchants, old people, young people and everybody within hearing went rapidly to the old rock temple of justice and waited to hear the verdict. They had not long to wait. The jury filed slowly in. The foreman handed Judge David H. Eby a slip of paper. Amidst sepulchral silence he read his verdict, "We, the jury, find Alexander Jester not guilty," and this famous case passed into history.

SIX BALLOTS WERE TAKEN.

For one brief moment the silence was deathlike, and then a great shout arose from the crowded court room. Harvey Jester and William Hill, the old man's sons, leaned over and shook the father's hands. Friends crowded around. Jester was as cool as though he were simply an interested spectator. He received the congratulations of his friends, and then with a son on each side he walked slowly down the aisle and out into the yard a free man. He said "God bles. you" to many who stopped him on his way.

NO PLANS FOR THE FUTURE.

He said he had no plans for the future, but he was wholly in the hands of his son, William Hill. It is presumed now the Hill children will drop the name assumed by the father to conceal his identity and henceforth bear the name of Jester. The jury disagreed on five ballots. For three consecutive ballots three men were in favor of hanging the accused and nine for acquittal. Two more ballots revealed the fact that one man had decided to allow the majority to rule and on the sixth ballot all twelve were for acquittal. Jester's daughter Alice remained at the hotel and did not hear the verdict read. Jester betrayed no emotion when acquitted. All the way through this ordeal he has been stolid, unmoved, absolutely self possessed.

GREAT INTEREST IN THE TRIAL

Jester's trial at New London, Mo., for the murder of a man thirty years ago presented one of the most unique and interesting cases known in the criminal annals of the United States. Of all the famous trials for murder that have occurred in this country none has developed the impressive dramatic and pathetic incidents that were brought out during the progress of the trial. For hours, days and weeks past the aged defendant sat stolid and impassive in the prisoners' dock of the little courtroom at New London, listening, apparently unmoved, to the testimony of witnesses who were swearing his life away on circumstantial evidence as to an event that was supposed to have occurred three decades ago.

Jester's main defense was that a man's nature, his soul, body, skin, disposition, sight, hearing and even finger tips change with the turning of every seven years. He pleaded not guilty to the crime of taking the life of young Gilbert Gates, brother of the millionaire steel king, whose residence until recently has been in Chicago. At that time Jester was a comparatively young man.

In the trial at New London no direct evidence against the old man was introduced at any stage of the proceedings. Too many years had elapsed since young Gates' murder to impress firmly on the minds of the jury the testimony presented. It was not considered as substantial and sufficient evidence to justify a verdict of capital punishment. As one member of the jury said in a private interview, "Thirty years is a long time to remember trifles, but a short time to remember an actual wrong. No living man saw Jester kill Gates, and many years have passed since the tragedy. I do not care how much circumstantial evidence they produce to try and convict this man it is not in the righteous human soul to send a man to the hangman after such a lapse of years."

SISTER CAUSES HIS ARREST.

Jester's sister was the cause of his undoing. It was she who prompted his arrest. In her statement to the police she said she had borne the secret of the murder and robbery of Gates in her breast for so many years that it had become a pall upon her and she could bear it no longer. She and she alone caused her brother's neck to come within the ominous shadow of the hangman's noose, but at no time during the sensational trial at New London did the accused man complain of his sister's act. This one trait in his character won him many friends.

Jester, gray-haired, weakened with age, careworn, but withal plucky and aggressive, did not have an unkind word to say of those who testified with damaging force against him. Throughout the trial he presented a pitiful, heartrending spectacle. The whitened hair and beard of the prisoner added to the dramatic atmosphere of the courtroom. In the daily sittings of the court the sympathy of the public was plainly with the old and feeble occupant of the prisoners' dock.

Gates was murdered in January, 1871, near Paris, the county seat of Monroe county, Mo. Jester was arrested and indicted for the crime. It was brought out at the trial that the two men had struck up an acquaintance on the road and were traveling together. In the midst of the trial the now withered and sick old man broke jail and fled. He went to Texas, and so far as known took the name of William Hill. From 1889 until 1899 he lived in Oklahoma territory, and while there it is alleged he became a bigamist by marrying a girl of the name of Julia Reynolds. For this he has not been prosecuted. During the trial Jester claimed to eighty-two years of age, but it was almost conclusively proven he is ten years younger than that.

EGGEMAN-LIPES.

A quiet wedding occurred last evening at the home of Mr. and Mrs. William Hammond, 89 Harmer street, and the contracting parties were William S. Eggeman and Miss Della Lipes, both of this county. The wedding ceremony was performed at 8 o'clock by Rev. J. H. Evans, of the Evangelical church, and was witnessed by a few intimate friends. The groom is a son of William Eggeman, democratic nominee for county assessor, and is a well-known young man of fine character. His bride has been for several years a teacher in the public schools of the county, and is an estimable young lady of fine attainments. She is a daughter of C. T. Lipes, a prominent manufacturer of Hoagland. Mr. and Mrs. Eggeman are receiving the congratulations of their wide circle of friends. They expect to take up their residence in this city.

SUPT. WHALEY WAS HERE.

Superintendent Whaley, of the Barber Asphalt company, came to the city from Wabash last evening and held a conference with Chairman Eggemann, of the board of works. The board is desirous of having the repairs completed as soon as possible on Calhoun street, as business men and pedestrians complain of the brick piled on the sidewalks. Mr. Whaley promised to finish the work immediately.

WILL PAVE ONE SQUARE.

The board of works at its regular session this evening will pass a resolution providing for the paving of South Harrison street from Butler to DeWald streets. The petition asked for a pavement from Williams street to DeWald, but objections were offered by property owners from Williams to Butler and the board has decided to pave only the one square.

CZAR'S TURN NEXT

HUMBERT'S ASSASSIN WARNS RUSSIA'S MONARCH.

MAKES THREAT TO WARDER

POLICE NOW HAVE PROOFS OF A PLOT.

BRESCI'S BROTHER ARRESTED

OTHER ANARCHISTS ROUNDED UP AT PRATO.

Rome, Aug. 2.—Regicide Bresci still maintains his excited demeanor and has to be dressed forcibly. Today he exclaimed to a warder:

"It will be the czar's turn next."

Bresci has been removed from Monza to Milan.

The police have found evidence that Bresci acted in collusion with others, and numerous arrests have been made. Bresci's brother, a shoe dealer; another kinsman named Marzessi and seven anarchists have been arrested at Prato.

Natale Possanzini, who was arrested at Ancoan, admits traveling with Bresci from Milan to Monza.

WEEPS AT FATHER'S BIER.

Monza, Aug. 2.—King Victor Emmanuel III., upon arriving here, met his mother, Queen Margherita, at the castle. She fell into his arms weeping. The king knelt before the body of his father and repeatedly kissed and embraced it. Afterwards for an hour he, with his mother and his wife, prayed in the death chamber.

STEPS AGAINST ANARCHISTS.

Washington, Aug. 2.—Such steps as have been taken by the United States government toward the arrest of persons in this country who may have been connected with the assassination of King Humbert were not instituted at the formal request of the Italian government. The Italian ambassador, Baron Fava, however, communicated unofficially on this subject with the United States government, and as a mere matter of international comity the government put in motion such machinery as it has in command to discover Bresci's co-conspirators, if there are such in this country. In a preliminary way some attention has been given to the possibility of punishing any of Bresci's accomplices here and it is confessed that there will be much difficulty met in reaching them. The laws relative to conspiracy are local and the underlying principle is that the overt act must have been committed within the particular state in order to afford jurisdiction to the state courts. On the other hand, it is very doubtful whether the conspirators could be delivered to the Italian government under extradition proceedings, and this would be particularly difficult to accomplish if any of them were naturalized citizens of the United States.

BRITAIN CENSURES BELGIUM.

London, Aug. 2.—In the house of commons today A. J. Balfour, the first lord of the treasury and government leader, said, replying to a question, that the government had represented to Belgium that they thought there had been a most unfortunate miscarriage of justice in the case of Sipido, who on April 4, last, made an attempt on the life of the prince of Wales in Brussels. No reply had been received. Sipido was sentenced to a reformatory, but he escaped and is now at large.

WHEELMAN IS HURT.

In a collision between wheelmen on Brackenridge street Wednesday, Louis Goeke was thrown from his wheel and painfully injured. He will be "laid up" at least a week as a result of the fall.

POLICE COURT.

There were two prisoners in police court this morning—one drunk and a train climber. Officer Knox picked the drunk up near the south depot and the train climber was arrested by Pennsylvania Detective Fuchshober. Mayor Scherer sent the train climber to jail for sixteen days and released the drunk.

SITUATION AT NOME.

Washington, Aug. 2.—A telegram has been received at the treasury department from Lieutenant Jarvis at Cape Nome, Alaska, which indicates that the situation there is improving. The telegram left Nome on July 30 and said that there had been only three new cases of smallpox since last report. Incoming vessels were being carefully inspected and a effective system of isolation of all cases and suspects was being maintained. No deaths were reported.

BOB DICKSON AS A DIPLOMAT

OFFICER SETTLED THE CHINESE QUESTION.

International Wrangle Amicably Adjusted Today, and the Incident is Closed.

Officer Robert Dickson was given an opportunity to exercise his ability as a diplomat this morning, and he successfully adjusted an international wrangle that for a time threatened to assume dangerous proportions.

The incident occurred in a Chinese laundry on West Wayne street. Some time ago an Italian living on Lafayette street took a shirt to the Celestial's establishment to be laundried, and when he called for the garment this morning he was minus the necessary check. The proprietor declined to surrender the garment, and as neither of the parties to the wrangle could speak the language of the other, and there was no official interpreter present, the vehement debate grew more demonstrative as the discussion proceeded, and grave international complications were threatened.

Finally Officer Dickson was called in to tender his good offices in an adjustment of the differences, and the Chinaman consented to a compromise. The son of sunny Italy was given his shirt after both he and the officer had attached their signatures to a document written in the language of Li Hung Chang's empire, and the incident is officially closed.

RACES ARE POSTPOIED.

The races of the Amateur Driving club, which were to have been given at the driving park this afternoon, have been postponed until Saturday. The rain this morning has placed the track in bad condition and it was thought best to announce a postponement. The card is a splendid one, and the Driving club is determined to give spectators some good races. For this reason the horse will not start until Sturday, when, it is hoped, the track will be in first class condition.

KICKED HIM TWICE.

A Mr. Allen, who resides a Huffman street, was twice kicked by a vicious horse on Wednesday. The animal's hoof first landed in Mr. Allen's back, and again on his thigh. Mr. Allen is confined to his home, but his injuries are not regarded as serious.

His Wife Insisted

And he thought he'd humor her, no doubt. The result shows that a man rarely loses by following his wife's advice. Those who suffer from obstinate cough, bronchitis, weak lungs and ailments in general which tend to consumption, will find speedy relief and perfect cure in the use of Dr. Pierce's Golden Medical Discovery. It cures ninety-eight per cent. of those who give it a fair and faithful trial. It purifies the blood, heals the lungs and builds up the body with firm flesh instead of flabby fat. The "Discovery" contains no alcohol, neither opium, cocaine, nor other narcotics.

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Billiard, Platte Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a well man, weighing 178 pounds, thanks to Dr. Pierce's Golden Medical Discovery. I would like you to print this testimony as it may help some other poor sufferer."

CAUGHT THE WORM

That Gnaws Under Cover.

"I had quite an experience with the use of coffee. Without knowing why, I gradually became seriously constipated, with all the disagreeable effects of this most aggravating disease. I was also bilious and stomach badly out of order.

"I had no idea of the cause and kept using coffee every morning.

"One day a friend to whom I spoke of my troubles, remarked that perhaps I would find the cause in the coffee cup and suggested the use of Postum Cereal Food Coffee. I was impressed with his remarks and made the change from coffee to Postum. The old troubles have nearly disappeared and I am one of the happiest mortals you ever saw. I have proved to my entire satisfaction that coffee was the unsuspected cause of the difficulty, and while it nearly ruined my health for a time, I have practically recovered again by the discontinuance of coffee.

"I have known a number of persons who have been driven away from Postum because it came to the table weak and characterless. It simply was not made right, and it would be the same with any other kind of drink, tea, coffee, cocoa, etc. Postum, when made according to directions, is a delightful beverage.

"There are a large number of people in this surrounding country who are using Postum, and their number is increasing daily. It is sort of a stampede. Store after store is putting in a stock of Postum that never thought of such a thing before.

"I enclose a list of twenty or thirty names of those that I know of as users of Postum, among my immediate acquaintances. Do not use my name, please." J. M. G., Box 72, Jefferson, Wis.

SONGS OF PRAISE

IF all the babies who have been helped into the world by *Mother's Friend* would go together and sing a song of praise to it, the chorus would echo to the heavens. The work it does for this simple liniment is absolutely wonderful. Pity it is that it was not discovered years ago. It would have saved poor woman so much pain and suffering. Now, however, any woman who has a hard time when her children are born has herself to blame. She need not suffer. *Mother's Friend* will help her. For external use. Get *Mother's Friend* at the drug store. $1 per bottle.

Tom Reed won't even give Hanna the satisfaction of knowing whether he will or not.

Next to a republican convention in Texas, a democratic convention in New Hampshire presents more points of political interest.

What use China has for the balance of the world's diplomats is not apparent. She has plenty of her own who know what the "real thing" is in diplomacy.

The Ohio State Journal kindly suggests that a "clean, cold marble slab" is all that will be needed by the democratic party to carve its epitaph upon in November. That same clean, cold slab will also answer very well in certain essential and respectful mortuary offices that the republican party may at that time claim.

The Springfield (Mass.) Republican observes pointedly as follows a distinction or two: "It is a singular fact that Mr. Bryan, the alleged apostle of anarchy, should be so much more moderate in his use of language when characterizing his political opponents than the child of Fifth avenue and Harvard, Governor Roosevelt. The rough rider's denunciation has a wide range and no qualifying adjectives or adverbs. Before November comes the colonel will probably class all Bryanites with savages or burst a blood vessel in restraining himself."

Richard Harding Davis, in his latest letter, points out what a remarkably small number of English officers have increased their reputations during the progress of the Boer war, which will ere long have rounded out its first year. In the brief Spanish war this country produced the following galaxy of heroes: Dewey, Schley, Hobson, Wood, Roosevelt, Chaffee, Wheeler and many others. But what officers have materially increased their fame in the Transvaal? Roberts, French and Baden-Powell are the only three that occur readily to the mind.

There is a fresh turn in sugar shares. The recent advance, engineered on the strength of the belief that all quarrels among the refining companies had been harmonized, was turned into a break Tuesday by a rumor of more war between the trust and the Arbuckles. At this rate there is great profit in sugar whether anything is made on the refining or not. The purchase of a few hundred trust shares will yield handsomely on a temporary agreement to harmonize and advance the price of sugar a fraction of a cent on a hundred pounds. When the shares have been sold and a few hundred imaginary shares sent after them it is just as sure a thing to reverse the combination, cut the price of sugar a fraction of a cent and cover at a good profit. Thousands of people have sought fortune on a "sure thing" in the stock market, but few have found it. The sugar manipulators have undoubtedly had the best thing in this line in the history of Wall street. They have worked it for years, the market has always responded, and they are working it yet. Such are the attractions of active gambling to the public.

SOME BIG BOLTERS.

In no recent presidential campaign have the republican managers had to face the embarrassment at the outset caused by the lukewarmness or outright bolt of leaders of great influence as at present. The list of big republicans who either have openly declared against the ticket and policy of the party or have shown a lack of interest in the party's success contains the names of ex-President Harrison, ex-Speaker Reed, Senator Wellington, of Maryland; and ex-Representative Henry U. Johnson, of Indiana. No assurance has come from either of the first two named that he will contribute anything to the reelection of Mr. McKinley, and the latter two are in open revolt.

General Harrison has immured himself in the fastnesses of the Adirondacks and probably will not emerge until the critical stage of the campaign has been passed. The republican managers apparently have exhausted all of their resources in vain to extract from the former president some word of encouragement. Not since he denounced the Porto Rican bill as "a serious departure from right principles" has General Harrison been known to make any comment upon the administration's course or his party's policies. Just before he went east he was broadly quoted as declaring that Indiana would vote against Mr. McKinley and no authoritative denial of this declaration has yet been obtained. It seems that Mr. Reed has promised to make a few speeches in the Maine state campaign, which closes in September, but he has not pledged himself to appear on the stump as a pleader for Mr. McKinley. Senator Wellington has issued a statement avowing that he is unalterably opposed to imperialism, and saying further: "I am opposed to President McKinley because he has deceived me in national affairs, and I shall oppose his re-election." The Marylander is of German extraction and wields a tremendous influence with that element of voters in his state. Besides, he has a well organized machine in Maryland, and will operate through this to throw the electoral vote of that state for Bryan and Stevenson. It is conceded that his defection from McKinley will more than overcome whatever effort the lukewarmness of Mr. Gorman may have upon the democratic situation in Maryland.

Henry U. Johnson's influence with the devoted McKinley republicans of Indiana is probably gone, but he is a brilliant and captivating orator and an intellectual giant whose words will do much to influence those thousands of voters who are wavering in their support of the administration policies. The ex-congressman will do his former party much damage in Indiana.

A CAVALRY TROOP

WILL SOON BE ORGANIZED IN FORT WAYNE.

FORMATION NOW UNDER WAY

ABOUT THIRTY MEN HAVE ALREADY SIGNED UP.

IT WILL BE INDEPENDENT

FIRST MEETING TO BE HELD ON MONDAY NEXT.

A troop of cavalry will soon be added to the military organizations of the city if plans now under way are successfully carried out, and those at the head of the project state that success is assured.

The work of organization was taken up but two or three days ago by J. T. McElfatrick, Harry Brinsley and C. E. Newton, and already about thirty young men have attached their signatures to the organization roll of membership. The initial meeting for the purpose of organization will be held next Monday evening at 27 East Washington street.

It is the desire of the promoters of the plan to have the organization of a social as well as a military nature, and it will be organized independently of the state militia. It is expected there will be little difficulty in bringing the membership up to the limit of a full troop of cavalry. Within a short time the troop will be uniformed, and the drills will be conducted under the regular army tactics. It is requested that those who desire to join the company advise some member of the committee as soon as possible, or be present at the meeting on Monday evening, when the formal organization will occur, officers be elected and plans for the future fully discussed.

LEADING A DECENT LIFE.

Kokomo, Ind., Aug. 2.—As a result of the "wide openness" of the town during the recent Red Men's powwow an era of strict enforcement of the law has been inaugurated. Dr. J. L. Puckett, the missionary preacher, who headed the police board, tendered his resignation in advance of the powwow, saying that he found it impossible to give the city such an administration of the law as his conscience demanded that it should have. The city council declined to entertain his resignation. He then announced that all laws must be rigidly enforced, as they are written. City Marshal Taylor thereupon surrendered control of the police force, throwing the responsibility on the police board. The police then received instructions to notify all gambling houses to at once cease business, and that all saloons must observe the legal hours for closing. For the first time in four years the Nicholson law is now observed in this city.

INDIANA OIL FIELD.

Hartford City, Ind., Aug. 2.—The monthly report of the Indiana oil field for July shows there were 276 wells completed, of which sixty were dry holes or gas wells. There was a daily output of 4,040 barrels, an average per well per day of eighteen and three-quarters barrels. This is an increase in completed wells of sixteen over the June report and twelve more dry holes, while the new production is smaller than for June by 460 barrels. In the new work under way there is a remarkable decrease. The largest decrease in new work is the falling off of new rigs, there being fifty-nine less for July than there were for June, and in drilling wells there is a decrease of forty-four, a total decrease in new work of 103. This shrinkage in new work is believed to be due to the high prices of casing, drive pipes, lumber and other oil well material.

FOR MANSLAUGHTER.

Richmond, Ind., Aug. 2.—William M. Gates, who struck James Rariden Meek, of Abington township, causing the old man's death, has been held in default of $2,000 for involuntary manslaughter, while his brother-in-law, George Jenkins, together with his wife and Mrs. Jenkins, have been released. The evidence before the coroner showed that Gates delivered but the one blow, and that he had no weapon save his fist.

A MYSTERIOUS INCIDENT.

Laporte, Ind., Aug. 2.—The police are puzzled by the strange disappearance of Andrew Humphrey, a junk dealer, of this city, who left last week to drive overland to Detroit, Mich. Yesterday a white man and a colored woman brought Humphrey's rig back to this city, and then as mysteriously disappeared. Humphrey left here with a considerable sum of money in his possession.

DROWNED IN CEDAR LAKE.

Cedar Lake, Ind., Aug. 2.—C. L. Marvin, bookkeeper for Hibbard, Spencer, Bartlett & Co., of Chicago, recreating at the lake, left the shore for a row and some hours later the boat and his hat were found floating on the water. Yesterday the body was recovered, and the coroner made a return of accidental drowning. The victim was thirty-four years old, and resided with his mother in Chicago.

WANTS $1,500 DAMAGES.

Crawfordsville, Ind., Aug. 2.—Mrs. Sarah E. Wilkinson yesterday filed suit for $1,500 damages against Charles Anamle, a saloon keeper. She alleges that Anamle illegally sold liquor to James Osborn, causing him to be crazed by drink, in which condition he struck on the head and killed the son of plaintiff, Howard Ellis.

WANTS PAY FOR EXTRA HOURS

JOHN KULL SUES THE L. E. AND W. RAILWAY.

Submits Statement of Extra Hours Worked for Eighteen Years —Court News.

John Kull, an employe in the Lake Erie and Western railway roundhouse, has commenced suit for $2,500 against the railway company. R. B. Dreibelbiss is attorney for the plaintiff. In his complaint Mr. Kull alleges that he accepted employment in April, 1882, the defendant agreeing to pay him fifteen cents an hour. He worked under this agreement until December, 1888, when the company agreed to pay him sixteen cents an hour. During these years the plaintiff was instructed to and did work twelve and twelve and one-half hours each day, but when he received payment it was for ten hours. For the twelve hours he would receive $1.50, while under the contract he should have been paid $1.80. The payments were made in the same manner under the agreement for sixteen cents an hour. Mr. Kull has kept a record of all extra hours he worked during eighteen years and now sues for the pay for the extra time. In the complaint is an itemized statement of every week's extra work, the total number of extra hours being 10,094. The precise sum alleged to be due is $1,994.16, but judgment is demanded for $2,500.

COURT NOTES.

Wilhelm Kunne has commenced suit for $150 against John Decker. The suit is for damages and to rescind contract.

M. V. Walsh, township assessor, is preparing plats of city property which will excell any similar plats ever drafted in the township.

County Clerk Frank Belot has received notice that Henry Orff and James Ellison have been accepted by the authorities of the Richmond asylum.

PERCENTAGE OF DIVORCES.

Huntington, Ind., Aug. 2.—An inspection of the county records reveals the fact that Huntington county has more divorces in proportion to marriages than any other county in the state. For years the average has been one divorce to four marriages. While 1,000 licenses were being issued 256 divorces have been granted.

ARGUS BULLETIN APPEARS.

Laporte, Ind., Aug. 2.—The first issue of the Argus Bulletin, under the management of the Taber-Chaney Printing company, appeared yesterday. Graham P. Taber is the editorial writer, and Harry B. Darling holds the position of editor, with Joshua A. Chaney as business manager.

$1.50, $1.25 and $1.00 Shirts at 75c. Straw Hats 1-2 price. GOLDEN THE HATTER.

HAD ROPE AROUND HIS NECK.

Bluffton, Ind., Aug. 2.—Eben Kindlesparger, of Ponoto, a small town six miles south of this city, raised such a disturbance that citizens threatened to lynch him. They placed a rope around his neck and took him to a tree, but he was finally landed in jail.

NEWS FROM SUMMER SCHOOL

INTERESTING HAPPENINGS AT WINONA.

Today's Program of Unusual Merit and Interest—Personal News and Events.

Winona Lake, Ind., Aug 2.—The regular Bible school lecture this morning was delivered by Rev. R. V. Hunter, D. D., of Indianapolis. "The Preacher's Study" was what Dr. Hunter talked about.

Today the convocation lecture was delivered by Dr. Stanley Coulter, of Purdue university.

This afternoon Dr. Burroughs continues his series of daily Bible lectures before the Bible school in the large tent. "The Epistles, New Testament Prophecy," was Dr. Burroughs' subject, which he handled well before a good sized audience.

Leon H. Vincent this afternoon tells what he knows about(and that's no doubt a great deal) American oratory from Patrick Henry to Daniel Webster.

The day's entertainment closes tonight with open experiments with what is undoubtedly the greatest invention of the age. Prof. J. E. Woodland, of the New Jersey university, will explain the power of liquified air, at the same time showing what it will do. A partial list of articles to be used in the experiment is one quart of blackberries, one dozen roses, onions, potatoes, beefsteak, watermelon, cigars, nails and many other things. Professor Woodland, with liquid air, will make an icicle of alcohol, boil liquid air by heat of the atmosphere, freeze roses and render them as brittle as glass, dip a tin cup into the air and crush it with a single finger into a thousand pieces, freeze the flame of fire, boil air in a block of ice, burn steel in a block of ice without melting it, freeze water in less than a minute and reduce it back to its natural state in less than half the time, and numerous other wonderful things, which seem impossible, but are nevertheless true. This exhibition will be given tonight and tomorrow night for the first time in this section of the country.

The Women's club held its regular weekly meeting yesterday afternoon in the parlors of the Winona hotel.

The lectures by Leon H. Vincent are proving immensely popular. The crowds, although the lectures are in the afternoon, are very large. Mr. Vincent will deliver two more lectures.

The recital last night by Isabell Garhill Beecher was a very entertaining feature. Miss Beecher does exceedingly well in her impersonations.

AKS DIVORCE AT EIGHTY-ONE

Bluffton, Ind., Aug. 2.—John Myers, a Wells county farmer, aged eighty-one, has applied for a divorce from his wife. He is the oldest applicant who ever appeared in the Wells circuit court for a decree of divorce. He was married to his present wife in 1894.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

THE HEALTH OF YOUNG WOMEN

Two of Them Helped by Mrs. Pinkham —Read their Letters.

"DEAR MRS. PINKHAM:—I am sixteen years old and am troubled with my monthly sickness. It is very irregular, occurring only once in two or three months, and also very painful. I also suffer with cramps and once in a while pain strikes me in the heart and I have drowsy headaches. If there is anything you can do for me, I will gladly follow your advice."—MISS MARY GOMES, Aptos, Cal., July 31, 1899.

"DEAR MRS. PINKHAM:—After receiving your letter I began the use of your remedies, taking both Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."—MISS MARY GOMES, Aptos, Cal., July 6, 1899.

Nervous and Dizzy

"DEAR MRS. PINKHAM:—I wish to express my thanks to you for the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. I suffered constantly from terrible sideache, had chills, was nervous and dizzy. I had tried different kinds of medicine but they all failed entirely. After taking three bottles of Vegetable Compound and three of Blood Purifier I am all right. I cannot thank you enough for what your remedies have done for me."—MISS MATILDA JENSEN, Box 18, Ogdensburg, Wis., June 10, 1899.

A GREAT PROGRAM

OUTLINED FOR THE NATIONAL U. V. L. ENCAMPMENT.

BIG WEEK FOR FORT WAYNE

THE REUNIONS, CAMPFIRES AND DEDICATIONS.

THREE PARADES ARE PLANNED

PREPARATIONS FOR BIG MEETING GO FORWARD.

The program committee has formulated in outline a program for the national encampment of the Union Veteran Legion to be held in Fort Wayne September 11, 12, 13 and 14, and it is planned to embrace the greatest week in the history of this city. The report was made to the general committee at its meeting Wednesday evening, and it is necessarily incomplete as to details, owing to the fact that the date of the arrival of many of the distinguished guests is as yet not definitely known. The program is subject to such change as will afford a prominent recognition of President McKinley, General Miles, Col. W. J. Bryan, Col. Theodore Roosevelt, Governor Mount and the eminent army and navy officials as soon as the days when they will be here is ascertained. As rapidly as possible definite assignment of attractions, hours and locations will be announced and the program will be more complete. The plans and scope of the meeting leave no room for doubt that the gathering will be of sufficient magnitude and interest to attract many thousands of visitors to Fort Wayne for that week. The big event contemplates the annual encampment of the Union Veteran Legion of the United States, a reunion of Spanish-American war veterans, and the annual reunion of the Eleventh Indiana battery.

IN BRIEF OUTLINE.

The brief preliminary summary of the great program of the week contemplates that on Sunday, Sept. 9, all the churches of the city be requested to hold patriotic services of a religious nature at the regular hour of morning service. At 2:30 p. m. there is to be a splendid sacred concert at Lawton park, to which one or more bands will contribute. In the evening at Princess rink a sacred and patriotic song service is to be held.

On Monday the officers of the U. V. L. and the ladies' auxiliary will be engaged in closing preparations for the encampment, opening of the headquarters, etc. General Wooters, the national commander, and Mrs. E. Beighel, national president of the Ladies of the U. V. L., will direct the work of the day. The ladies' organization will hold a meeting at the Randall hotel in the evening.

Tuesday is the day for the official opening of the encampment and it will be inaugurated at 6 o'clock by a sunrise salute of thirteen guns to the fing. It is hoped that citizens generally will contribute to the effectiveness of this ceremony by raising flags at their homes and places of business, and the city will be a glow of patriotic colors. The veterans will hold business sessions on this day and the Spanish-American veterans will open their three days' session at the Wayne club at 9 o'clock. In the evening there will be a reception to the national officers and distinguished guests of the U. V. L. and the ladies' auxiliary at Library hall, to be followed by a campfire.

THE PARADES START.

Wednesday morning battery B will fire a presidential salute, and President McKinley and General Miles are expected to be present on this day. There will be business sessions of the national encampment and at 3 o'clock the great annual parade of the organization will be held. This feature has never failed to be a magnificent success in every city where the encampment has been held. It will be followed by the ceremonies at Old Fort park, dedicating to the city the old Spanish gun from the Estrella battery at Santiago. A campfire and reunions will occupy the evening hours.

Thursday's parade will be that of the Spanish-American war veterans and the Indiana national guard. The pageant will start at 2 o'clock, the line of march ending at Lawton park, where the Spanish cannon captured in the Philippines by General Lawton and by him presented to the city, will be dedicated with appropriate ceremonies. A campfire at Princess rink will be the evening attraction.

Friday forenoon is to be devoted to an excursion to Robison park, where dinner will probably be served, the guests returning to the city in time to witness and participate in the grand civic and industrial parade which starts at 1:30 o'clock. Countless other features will fill in every moment of the time and in the evening a gorgeous illumination of the city is projected.

CHAMPIONSHIP BASE BALL.

The Inter-State base ball league championship season closes in Fort Wayne at the end of the encampment week. As the finish promises to be exciting, with the Fort Waynes in the fighting for the pennant, unusual interest will attach to the games. In order to give all visitors who like the game a chance to see the championship games an effort will be made to have the Fort Wayne series with Columbus scheduled during the earlier part of the week for that city transferred to Fort Wayne, so that there will be a full week of championship play here during the encampment.

CURZON VISITS FAMINE CENTER

Baroda, Aug. 2.—Lord Curzon, of Kedleston, the viceroy of India, arrived yesterday morning at Dohad, one of the worst famine and cholera centers in the country. Heavy rains and swollen rivers have delayed the party.

MUSICIANS WORK TOGETHER

THE CONSOLIDATED UNIONS ELECT OFFICERS.

Fred J. Reineke Is the New President—Thanks Returned to the Trades Council.

After years of dispute and months of discussion and conferences the musicians of Fort Wayne have finally organized one union in which all the members of the leading musical organizations are members. Several months ago the Trades and Labor Council appointed Herman Hoeltje, W. Romeke and C. F. Baker a committee to confer with the two unions then in existence and, if possible, effect a consolidation. Their efforts were successful and the result was the organization of the new union under the jurisdiction of the American Federation of Musicians. The local organization will be known as No. 58. At the meeting last evening the following officers and committees were elected:

President—F. J. Reineke.
Vice President—W. A. Hall.
Secretary—W. D. Kyle.
Treasurer—I. S. C. Schroeder.
Board of Directors—V. E. Russell, Charles Hartman, C. P. Drager, John Baier and Henry Barner.
Board of Examiners—Jake Meyer, J. R. Verweire and R. Uebelhoer.
Delegates to Trades and Labor Council—W. A. Hall, J. Hechler, W. Mills, W. Hartman, W. Stradley.
Sergeant at Arms—Perry Shober.

A committee of three, consisting of W. A. Hall, I. S. C. Schroeder and Mr. Drager was appointed to draw up a schedule of prices which will be submitted at the next regular meeting. A committee consisting of V. E. Russell, G. Shober and A. E. Melching was appointed to draw up a constitution and by-laws.

There are 112 members of the new union and they represent every important musical organization in the city. Before adjournment last evening a rising vote of thanks was tendered Mayor Scherer for the use of the city hall and thanks were also voted the Trades and Labor Council committee for its efforts in behalf of the consolidation.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy pells. It is a godsend to weak, sickly, run-down people. Cure guaranteed. Only 50c. Sold by Dreier Bros., druggists.

BIG FIRE IN BUFFALO.

Buffalo, N. Y., Aug. 2.—Fire early this morning destroyed seven buildings occupied by business houses. The loss was $150,000. Fire Captain Charles Besancon was severely injured and Fireman R. R. Reid was most severely hurt while fighting the flames. Six of the buildings belonged to the Jacob Dold estate.

SEES HIS COUNCIL

PRESIDENT M'KINLEY NOW IN WASHINGTON.

CONFERS WITH HIS CABINET

NO UNUSUAL SIGNIFICANCE IN THE VISIT.

REGULAR FORTNIGHTLY TRIP

HE WILL RETURN TO CANTON TOMORROW.

Washington, Aug. 2.—President McKinley, accompanied by Secretary Cortelyou, reached Washington at 7:50 this morning. They traveled in a special car attached to the regular Pennsylvania train which left Canton yesterday afternoon. At all the stations through Ohio and Pennsylvania, while daylight lasted, crowds congregated. While the president appeared on the rear platform several times in response to the greetings of the people, the stops were brief and he made no attempt to speak.

At Economy, Pa., Abner McKinley, the president's brother, boarded the train and rode with the president as far as Pittsburg.

The president was met at the train by Secretary Root, General Corbin and Executive Clerk Pruden, who accompanied him to the white house.

There is no particular significance in the president's trip to Washington at this time. When he returned to Canton two weeks ago he arranged to come to Washington every fortnight to dispose of such official business as had accumulated in the meantime and to go personally over the Chinese situation with his cabinet advisers.

In this way the necessity of sending many bulky papers to Canton for his examination and signature would be avoided and the president will have an opportunity periodically of consulting with the members of the cabinet.

It is officially stated that nothing had developed in connection with the Chinese situation which especially demanded his presence in Washington at the present time.

It is the president's intention to return to Canton tomorrow night.

Soon after the president reached the white house a call for a cabinet meeting for 11 o'clock this forenoon was sent out.

Aside from this, each of the cabinet officers who is in the city will hold an individual conference with the president. Secretary Long, who intended leaving last night for Hingsam, Mass., on his annual vacation, remained over and called upon the president on his way to the station this morning. While the secretary had no new dispatches from China, he discussed the general phase of the situation with the president. He announced that the president was unusually well and in fine spirits.

RESENT ASTOR'S INSULT.

London, Aug. 2.—The prince of Wales, the duke of Norfolk and the duke of Connaught have gone to Coburg to attend the funeral of the late duke of Saxe-Coburg and Gotha. Among those selected to represent the admiralty at the funeral are Admiral Sir Frederick Richards and Capt. Sir Archibald Berkely Milne. The latter being thus honored is taken as evidence of royal sympathy regarding the Astor controversy.

FOUND WITH HEAD CUT OFF.

Bridgeton, N. J., Aug. 2.—The body of John Trader, who has been missing from his home at Fort Elizabeth since last March, was found today in a swamp near this city. The head had been cut from the body and had been carried away. John Hand, who was with Trader the night before he disappeared, is in jail, charged with a minor crime, but the police think he knows something of the murder and are making an investigation.

LIGHTNING CUT SOME CAPERS

WESTERN UNION SHORT LINE IS STRUCK.

Caused Slight Blaze at Electric Works and Did Damage at Telegraph Office.

The eccentric capers of a flash of lightning was responsible for some lively doings around the Western Union telegraph offices in the Tri-State building about 9 o'clock this morning, though fortunately no one was injured.

The lightning had struck a short telegraph line connecting the electric light works with the Western Union office and about a dozen fuses back of the big switchboard were burned out, while the compartment filled with smoke and presented a very threatening appearance. A number of fuses in the cable box at the Pennsylvania station, which is on the same circuit, were also burned out.

At the other end of the line, where the wires enter the main building of the electric works, the woodwork of the window was set afire, but the flames were extinguished before any damage was done. So light was the stroke that the men at work in the building did not feel the shock and many of them did not know of the danger until told of it afterwards.

CUBAN MUNICIPAL TAXES.

Havana, Aug. 2.—There are 126 municipalities in Cuba and all are interested in changes being made in the municipal tax law. Under Spanish rule taxation was practically unlimited. General Brooke fixed taxation in municipalities at 8 per cent. of net income derived from property. General Wood, however, is inaugurating a tax not above 12 per cent. on preferred property pro rata to expenditures in the principal cities and in others 6 to 8 per cent. of the net income from property. Thus, if individual cities will be taxed in keeping with expenditures, they are willing to assume, the rate of taxation sliding up or down with municipal disbursements. Under this plan no city may escape individual responsibility for its expenditures and for the tax rate.

TIME LIMIT EXTENDED.

At Huntington Tuesday evening the Indiana & Ohio Traction company petitioned for and was granted six months' further time in which to begin the construction of the interurban railway. The reason for asking for an extension was the delay in getting a franchise on the streets of Fort Wayne.

Fort Wayne made it fifteen straight by batting Manager Lowney's aspiring youngster, From, to all parts of the big lot in Mansfield and winning a rather easy victory. The Hoosier players were on their mettle and besides batting the ball hard did not make a misplay in the field, the work of Charley Babb being especially brilliant. Fricken pitched well, but Harry Truby had his delivery solved and drove in most of the Haymakers' runs with a home run and a two-bagger. Kleinow was behind the bat and caught an excellent game. NOTES OF THE GAME.

Wheeling is after Osborne, pitcher for the Homestead amateur team. Manager Armour also owns a fifth twirler.

"Chick" Stahl made one of Boston's four hits off Phillips yesterday. It was a two-bagger. He captured five fly balls in left field.

Quite a number of local "fans" are arranging to go to Dayton next Sunday and see the Fort Waynes play a double-hender. A party of ten will be able to secure rates.

Kleinow carries himself behind the bat like a "comer" and it was lucky indeed, that the local management had a string to him when the young catcher went to Saginaw last spring.

All the Hoosiers except Brashear and Fricken "boosted" their batting averages at the expense of Manager Lowney's amateur. It is not often that a team makes eighteen hits in one game.

Fort Wayne has played two errorless games in succession. The team is playing about the best fielding game of any of the Inter-State clubs. Babb's work recently has simply been phenomenal.

The Indianapolis and Chicago American teams have established a record. Six times this season have the games in which they were contesting been shut-outs, and of these games Chicago won five.

SOLEMN VOWS ARE TAKEN.

At St. Joseph hospital on Wednesday a large class of young ladies took upon themselves the solemn vows of the sisterhood of the Poor Handmaids of Christ. Beginning Sunday, July 22d, and continuing during the remainder of the summer, the WABASH will sell tickets to Detroit and return at the very low rate of $1.60. Detroit passengers will leave Fort Wayne at 5:50 a. m., on the WABASH FAST EXPRESS and reach Detroit at 1:30 p. m., where a stay will be made until 5 p. m., giving three and one-half hours in the beautiful city of Detroit. The lake ride between Toledo and Detroit is one of the most attractive on the great lakes. A special train will leave Toledo, returning at 9:30 p. m., for the accommodation of Detroit passengers. This will in no wise conflict with the already popularly established Put-in-Bay and Toledo Sunday trips. 18-tf

THE MARKETS.

Chicago, Aug. 2.—The most prominent feature of the wheat market today was its dullness. The pit at times was not more than half filled and the little trading done was almost entirely of a local nature. The opening was weak and lower. Traders were disappointed at the failure of foreign markets to respond to yesterday's advance here and crop reports, almost invariably favorable, weakened still more their confidence. Many of yesterday's buyers turned sellers, and prices during the first half hour's trading were on the down grade. After that the market became slightly firmer and recovered somewhat. There was no improvement, however, in the volume of business. September opened at 75¼@75½c, a decline of about ⅝@1⅛c from yesterday, later recovering to 75¾c and holding around that price. Northwest receipts were 235 cars, against 235 last week and 229 a year ago. Chicago receipts were 255 cars, 43 of contract grade. Northwestern experts made the assertion that the new crop was the finest in quality in years.

Corn was dull, weak and lower. Crop reports were all favorable, and weather conditions were ideal. There were a good many selling orders on the market, and the demand was slow. Later prominent local dealers bought moderately and the market steadied somewhat. Local receipts were 281 cars. September opened ⅛@¼c lower at from 37⅝c to 38c, and fluctuated between those prices, finally steadying around 37⅞@38c.

Oats were dull and easier at the opening, becoming steady later. Elevator interests were sellers against country acceptances, local shorts being the best buyers. Receipts were 326 cars. September opened a shade lower at 21⅛@21¼c and advanced to 21⅜c.

Provisions showed some reactionary tendency at the opening. The hog market was weak and the demand for meats slow. Provisions stocks were about as expected. Commission houses sold early. There was a better demand at the decline and prices gradually improved. September pork opened 5@12½c lower at $11.95@12.00 and advanced to $12.07½. September lard opened 5@7½c lower at $6.85 and advanced to $6.87½. September ribs opened 5c lower at $7.07½@7.10, sold at $7.12½ and reacted to $7.10.

THE CLOSE.

Prices at the close were as follows:

Wheat—Aug., 73⅝@73⅞c; Sept., 74⅝@74⅞c.

Corn—Aug., 37½c; Sept., 37½c.

Oats—Aug., 20⅝c; Sept., 21½c.

Pork—Sept., $12.20; Oct., $12.15.

Lard—Sept., $6.87½@6.90; Oct., $6.03½.

Ribs—Sept., $7.17½; Oct., $7.15.

Flax—Cash, $1.42; Aug., $1.36; Sept., $1.30@1.31; Oct., $1.35; Nov., $1.33.

CHICAGO LIVE STOCK.

Chicago, Aug. 2.—Cattle—Receipts, 7,000, including 500 Texans; market active, steady, to shade lower. Good prime steers, $5.25@6.00; poor to medium, $4.60@5.20; stockers and feeders, $3.00@4.75; cows, $3.00@4.60; heifers, $3.00@5.10; canners, $2.25@2.85; bulls, $2.90@4.60; calves, $5.00@6.75; Texas fed steers, $3.35@4.80; Texas grass steers, $3.35@4.30; Texas bulls, $2.50@3.40.

Hogs—Receipts today, 18,000; tomorrow, 13,000; left over, 2,838. Market opened 5c higher, closed weak; top, $5.50. Mixed and butchers, $5.15@5.50; good to choice heavy, $5.20@5.50; rough heavy, $4.95@5.15; light, $5.30@5.50; bulk of sales, $5.20@5.40.

THE DAY ON WALL STREET.

New York, Aug. 2.—The expectation of dividend action today on Baltimore and Ohio caused speculation in that stock at the opening at an advance of over a point. There were gains elsewhere in sympathy, but the number of stocks dealt in were small and trading was very dull. The Steel stocks were inclined to heaviness.

A raid on Continental Tobacco preferred uncovered stop-loss orders, which carried it down 4¾ to 75½. The common stock and American Tobacco yielded a point in sympathy. Baltimore and Ohio gave way below 76 and the list generally became easier. Sugar and Brooklyn Transit then pushed up a point each. The metal group was irregular. Tennessee Coal, Anaconda Mining and Steel and Wire rose a point each, but Pressed Steel and Republic Steel issues were weak. Toward 11 o'clock the market became weaker. Prices in the most active stocks relapsed sharply. Baltimore and Ohio ruled 5@8 under yesterday's close. Sugar lost all of its rise and Pennsylvania dipped a point. Sugar subsequently rallied strongly. Pennsylvania recovered fully and Brooklyn Transit was pushed up to 59 on meagre transactions.

Prices of active bonds showed slight changes either way.

NEW YORK PRODUCE.

New York, Aug. 2.—Butter—Receipts, 6,282 pkgs; market, firmer; creamery, 17@19¾c; current packed factory, 14@15¾c; imitation creamery, 15@17½c.

Cheese—Receipts, 6,690 pkgs; market firmer; large colored, 9¼c; large white, 9⅛c; small colored, 10c; small white, 9¼@9⅜c.

Eggs—Receipts, 7,813 pkgs; market steady; western at mark, 11@13½c for average lots; western, loss off, 15½c.

Sugar—Market steady fair refining, 4⅝c; refined, steady; crushed, $6.40; powdered, $6.20; granulated, $6.10.

Coffee—Market dull and easy; No. 7 Rio, 9¾c; sellers.

POULTRY MARKET.

New York, Aug. 2.—Alive, weak; springers, 12@12½c; dressed, firm; western broilers, 10@12c.

THE MONEY MARKET.

New York, Aug. 2.—Money on call nominally at 1½ per cent; prime mercantile paper, 4@4¾ per cent; sterling exchange firm at $4.87¾ for demand and at $4.86⅞ for 60 days; posted rates, $4.84½@4.85 and $4.88½; commercial bills, $4.83@4.83½; silver certificates, 61½@62½c; bar silver, 60¾c; Mexican dollars, 48½c.

THE BOND MARKET.

WILL PLAN THE CAMPAIGN.

Chicago, Aug. 2.—It was announced today at the democratic national headquarters that an important conference will be held here on the return of W. J. Bryan from Indianapolis. Senator Jones, chairman of the democratic national committee, Charles A. Towne and many leading democrats are expected to be present. The whole political situation, it is said, will be discussed and before Mr. Bryan departs for Lincoln, it is believed the whole democratic plan of the campaign will have been agreed upon, including the part to be taken by Mr. Bryan himself.

A. C. L. RALLY.

The monthly rally of the Anti-Cigarette league will be held at the city hall Saturday afternoon, beginning at 2 o'clock. Rev. J. W. Lake, of the U. B. church, will give the invocation, and an interesting session is anticipated. Miss Florence McMillan, of this city, and Master William Conklin, of Bloomington, Ill., will give selections, and the meeting will then be in charge of the representatives of Sunday schools and young people's societies.

A CITIZENS' MEETING.

A citizens' meeting will be held at the Rudisill school building Friday evening, beginning at 7:30 o'clock. There will be addresses by J. W. Burns, of the Railroad Y. M. C. A., Dr. Ferguson and others.

BROKERS QUIT THE FIGHT.

Chicago, Aug. 2. Adolph Lichestern & Co., the brokerage firm which has been bitterly fighting the efforts of the board of trade to shut out its quotations from their offices, has dismissed its injunction proceeding against the board cutting off quotations and the board dismissed the cross bill wherein Lichestern & Co. were charged with bucket shopping operations. Mr. Lichestern said that he is now acting in conformity with the rules of the board of trade and will application for membership.

BISHOP HORSTMAN ILL.

Cleveland, O., Aug. 2.—Bishop Ignatius F. Horstman, of the Cleveland Catholic diocese is seriously ill at his residence in this city. He has been confined to his bed for ten days past, suffering from a complication of diseases.

COL. J. M. LOOMIS DEAD.

Chicago, Aug. 2.—Col. John Mason Loomis, one of the best known lumber merchants in the west, died here today. He was a native of Connecticut. During the civil war Colonel Loomis commanded the Twenty-sixth Illinois infantry.

POPULATION OF LOUISVILLE.

Washington, Aug. 2.—The census office today announced the population of Louisville, Ky., as 204,731, an increase of 43,603 over the census of 1890.

The only European country which has a lower death rate than England is Norway.

viceroys and governors to expel all missionaries from China and to arrest all Christians and compel them to renounce their faith. Other decrees applauding the boxers speak approvingly of the burning out and slaying converts. Their leaders are stated in a decree to be princes and ministers.

SCARED BY TIEN TSIN NEWS.

"On July 18 another decree made a complete volte face due to the victories of the foreign troops at Tien Tsin. In this decree, for the first time and one month after the occurrence, an allusion was made to the death of Baron Von Ketteler, the German minister, which was attributed to the action of local brigands, although there is no doubt that it was premeditated and that the assassination was committed by an imperial officer, as the survivor, Herr Cordes, can testify.

"The force besieging the legation consists of the imperial troops under General Tung Lu and General Fuh Siang, whose gallantry is applauded in imperial decrees, although it has consisted in bombarding for one month defenseless women and children cooped up in the legation compound, using shell, shrapnel, round shot and expanding bullets.

TREACHERY THAT FAILED.

"They posted proclamations assuring us of protection, and on the same night they made a general attack in the hope of surprising us.

"There is still no news of Pei Tang Cathedral. The wounded number 138, including the American surgeon, Lippitt, severely wounded, and Captain Myers, who is doing well. Several Americans have been killed.

"All the ministers and members of the legations and their families are in good health. The general health of the community is excellent, and we are contentedly awaiting relief."

After enumerating the casualties already reported and giving the total of deaths, including American, as fifty-six, Mr. Morrison adds:

"The Chinese undermined the French legation, which is now a ruin, but the French minister (M. Pichon) was not present, having fled for protection to the British legation on the first day of the siege."

WANT ADVANCE ARRESTED.

Paris, Aug. 2.—The French consul general at Shanghai telegraphs today as follows:

"Li Hung Chang has stated to the United States consul that the ministers will be put in communication with their respective governments if the allies arrest their march on Pekin. Chang is yet unable to secure a reply to the message, in his care, to M. Pichon (the French minister in Pekin), as the tsung li yamen will not consent to the forwarding of cipher messages of the ministers.

"It is asserted that the foreigners within the imperial city and the consular corps have decided to entrust the defense of the concessions to the international naval forces."

THE CABINET MEETS.

Washington, Aug. 2.—The special cabinet meeting today lasted about two and a half hours. There were present, besides the president, Secretary Hay, Secretary Root, Secretary Gage and Postmaster General Smith.

The discussion was confined almost exclusively to the Chinese situation. All the details of the situation since the president went to Canton two weeks ago were carefully gone over and a general exchange of views was had.

The definite information of the safety of the legationers at Pekin and the hope for their final rescue were considered the best features of the situation. The administration desires an immediate movement on Pekin if it can be inaugurated without too much danger, and while no news has come from General Chaffee that the forward march has begun, such news is hourly expected.

GRANTED A DIVORCE.

Judge W. J. Vesey is out of the city and Attorney A. J. Vesey acted as superior court judge today. He heard the evidence in the divorce case of Myrtle Martin vs. Sydney Martin and granted the wife a decree. She was allowed to resume her maiden name, Myrtle Chamberlain.

MR. BRYAN OUTLINES WORK.

Lincoln, Neb., Aug. 2.—W. J. Bryan today outlined his work for August, as follows: After the notification at Indianapolis, August 8, he will return to Chicago for a few days to consult with members of the national committee. He will then return to Lincoln, where he will remain until August 30, when he will go to Chicago to attend the national Grand Army encampment. During his stay in Lincoln between the Chicago trips Mr. Bryan will complete his letter of acceptance, which is now partially written, and this will be issued. He will also prepare addresses for the populist and silver republican notifications. Willis J. Abbott, head of the democratic press bureau, at Chicago, will give advance copies of Mr. Bryan's Indianapolis notification speech to the press either Monday or Tuesday of next week. The time and place for the populist and silver republican notifications have not yet been fixed.

THE DATE IS AUGUST 5.

The big Sunday school conference to be held at Winona Park will begin next Sunday, Aug. 5, and not on August 25th, as an error caused The Sentinel to announce a few days ago. The conference will continue Monday and Tuesday, Aug. 6 and 7, and it is believed that this will be one of the most important and helpful Sunday school conventions ever held in the state.

COURSE OF POWERS TRIAL

GOLDEN'S BROTHER-IN-LAW IS RECALLED.

Makes a Change in His Testimony as to the Pay Offered Golden to Leave the State.

Georgetown, Ky., Aug. 2.—Rev. John Stamper, brother-in-law of Wharton Golden, was recalled today in the trial of Caleb Powers, charged with complicity in the Goebel shooting.

Colonel Henricks cross-questioned him as to the part he took in getting republicans from Scott county to go to the state capital on January 25.

He answered that he secured quite a number. On redirect examination Stamper said his conversation with Golden regarding the money he (Golden) was to receive for convictions was confidential, but that he made them public because a man's life was in jeopardy.

"The witness should not make stump speeches in the court house," said Judge Cantrill, sharply.

Stamper declared he had never been asked by any one to offer money to Golden to leave the state before the trial. His memory had been refreshed since adjournment of court yesterday and he desired to correct the statement made then that his offer of $5,000 to Golden was after the talking with Caleb Powers, the defendant. He said he had the conversation with Golden before talking to Powers.

The defense called R. L. McClure, of Lexington, a newspaper man. Attorney Owens asked him if Witness Golden had not said to him that Youtsey was a fool for talking too much and would not get a cent, but that he (Golden) had fixed it before he told his story to the prosecution. The prosecution objected and was sustained by the court. An exception was taken.

Col. C. C. Mengel, of the First regiment, Kentucky national guard, followed. He produced two telegrams received at Louisville on the day of the shooting at 2 p. m., containing only the words "All right," and signed "D. R. Collier, Adjutant General;" also a letter from Collier explaining that the words "all right" meant for the witness to come to Frankfort and bring a regiment and a gattling gun. On cross-examination the prosecution read this letter to show that Collier had sent the telegrams before and not after noon. Colonel Mengel produced orders signed by Governor Taylor for the movement of the regiment to Frankfort.

He said he could not explain why the order was issued on January 18, the date it bore, and not executed until the 30th inst. In the order Taylor directed him to obey "all orders and signals" given him by Adjutant General Collier.

Stephen G. Sharpe, of Lexington, chairman of the mountaineers' meeting held on the steps of the capital January 25, produced the minutes and resolutions of that meeting. Recess.

WANTS NEW HOME

BROTHERHOOD OF FIREMEN SEEKS NEW HEADQUARTERS.

MAY COME TO FORT WAYNE

CITY POSSESSES ALL THE NECESSARY CONDITIONS.

PUSH MAY LAND THE PRIZE

WORTH AS MUCH AS A FACTORY EMPLOYING FIFTY MEN.

In a circular to the subordinate lodges of the Brotherhood of Locomotive Firemen Grand Master F. P. Sargent and Grand Secretary F. W. Arnold call attention to the fact that an effort will be made at the coming meeting of the grand lodge at Des Moines, Iowa, to remove the official headquarters from Peoria, Ill., to some city more centrally located. Messrs. Sargent and Arnold favor the continuance of headquarters at Peoria, but a vast part of the order do not and the grand officers recognize this fact and aim to prepare the order for a selection of another city when the contest is on. In their circular they name some of the conditions which must surround the propositions for removal and they are practically those existing in this city. Whether Fort Wayne will be a candidate for honors in this connection remains to be seen, but it is the belief of those who have given the matter any thought that a vigorous and well directed effort will land the prize. The headquarters of the brotherhood is worth considerable—in fact, the benefits derived from it are said to equal those from a factory that employs from fifty to seventy-five men. If this statement is correct, surely it is worth an effort to locate the headquarters here. One of the leading requirements for an ideal headquarters, in the opinion of Messrs. Sargent and Arnold, is a centrally located city with a population not to exceed 60,000. "The advantages of a city of this kind," they say, "are paramount to a city larger for many good reasons." Other conditions, all of which Fort Wayne possesses, are as follows:

1. First-class banking facilities, which mean absolute solvency of the bank in which our funds are deposited, as well as a careful, safe method of handling the funds deposited therein. A fair rate of interest computed and credited to our daily account, the rate of which shall not be less than 3 per cent. The cashing and crediting of all exchange papers, etc., free of charge to the brotherhood. The issuing of checks or drafts for any amount, from $1 to the full sum on deposit.

2. Postal facilities, which includes a reasonable close location to the offices of the brotherhood (not exceeding two blocks). The frequent delivery of mail matter (not less than four deliveries each day); also the frequent collection of mail.

3. Railway facilities, which furnish ample opportunities for arrival and departure in all directions upon short notice, and the roads entering therein shall be those known to be not unfriendly to the several railroad labor organizations.

4. Offices that will furnish ample room for the transaction of all brotherhood business. There should be at least 3,000 square feet of floor space. The rooms should be conveniently high, where they are free from dust, dirt and noise. They should have ceilings ten feet high so as to furnish ample ventilation and pure air, an abundance of light, elevator service, etc., and should be heated and halls lighted at landlord's expense. There should be one or more large, absolutely fire proof vaults, wherein the books and accounts of the brotherhood can be kept safe from destruction by fire or water. In fact, the building should be a thoroughly modern, steel structure with all the latest conveniences, at a rental that will not exceed $1,500 for an abundance of room and other essentials.

5. There should be ample facilities for having printing done by union printers and where competition is such that reasonable prices may be obtained for such printing and bookmaking as are required.

6. There should be located in the city where the headquarters are offices of all the express companies doing business in all parts of the country, as an immense amount of the financial business of the brotherhood is done through the several express companies, as well as the receiving and shipping of many packages of lodge supplies, etc.

7. There should be the best and quickest service by telegraph companies; and, where competition is lively, the above results generally obtain.

Continuing, the grand officers enter into statistics and make the following interesting statement:

Every member of the Brotherhood of Locomotive Firemen has occasion for congratulation on account of the splendid showing made during the fiscal year beginning July 1, 1899, ending June 30, 1900. We have surpassed all previous records, and close the year with a membership of 36,084. This is a net gain for the year of 5,336 members. Our membership on April 1, 1900, was 34,170. It will be remembered that at this time we expressed the wish to our brothers to have 35,000 names upon our rolls, in good standing, at the close of the fiscal year, June 30, 1900, and a special appeal was made to the brothers to bring the membership up to this figure. To show how generous was the response of the brothers, our net gain from April 1, 1900, to June 1, 1900, was 1,914 members. The amount of insurance for which our organization was liable on July 1, 1900, was $49,313,000, divided as follows: 30,407 certificates of $1,500; 2,11 of $1,000, and 3,383 of $500, with 283 non-beneficiary members upon the rolls.

MOVED IN NEW ROOM.

Yesterday afternoon the draughtsmen at the Fort Wayne Electric works moved into the magnificent new room which has been prepared for them on the second story of the main office building and without any exceptions they have the best and most elegantly appointed quarters of any draughtsmen in the city. The room is large, well-lighted and ventilated and is prettily decorated. The engineering department will move into its new room tomorrow or Saturday. They, too, will have elegant quarters. The large space in the southeast part of the second floor vacated by the foregoing changes is now being fitted up for occupancy by General Manager J. J. Wood and Mr. A. L. Hadley, who now have office rooms on the second floor of the main factory building. When they move to their new quarters the partitions will be removed from the old office and the floor space will be added to the factory and equipped with machinery and apparatus.

NIAGARA FALLS EXCURSION.

The Lake Erie and Western company today took the largest crowd out of this state, on its Niagara Falls excursion, in the history of the road. The exact figures are not at hand, but they will approximate 3,000. General Passenger Agent Daily said that the various excursion parties from Indiana, Illinois and Ohio would aggregate over 5,000. These excursions never drew so much of a crowd from Fort Wayne, because of the city's location, passengers having to go to Muncie to catch the excursion proper, but the sales this time were twenty-five, which is about double the sale of former years. The Nickel Plate gets the bulk of the Niagara business from this territory. It will have an excursion later in the month.

LOCAL BUSINESS IN JULY.

H. M. Elliott, agent for the Indiana Car Service association, reports 1,258 cars handled here by the local shippers and business men for the month of July, 1900, against 973 cars during the corresponding period of 1899. The demurrage percentage for the month was 1.2, the lowest in the history of the association. This shows that the shippers are making an effort to unload and load cars as soon as received and also reflects credit upon the local car service agent, through whose efforts this very gratifying condition has been brought about. The business of July fell short 148 car loads of the month of June, but this was to be expected, as July is usually a dull month.

JAMES GORDON DEAD.

Hugh Gordon, of the Pittsburg baggage room, did not reach Stewart, Iowa, in time to see his brother, James Gordon, alive. He left here yesterday morning and was due at Stewart this morning. Last evening a telegram came here, informing the Gordon family of the death, which occurred some time in the afternoon. The deceased had been in Fort Wayne several times and a number of friends will be grieved to hear of his demise.

CAR BUILDER INJURED.

Richard Runcke, a car builder in the east shops, fell from a scaffold yesterday and sustained a badly dislocated shoulder. Notwithstanding the severity of his injury, Mr. Runcke no doubt considers himself lucky in escaping more serious injury, for he tripped and plunged head-foremost from the scaffold, a distance of six or eight feet. Dr. E. J. McOscar is attending the unfortunate man.

TRAINS LATE TODAY.

Last night was unfavorable for railroading and trains were more or less late in reaching terminals, particularly those westbound. Nearly all the Pennsylvania passenger trains came in late, the delay being due to wet rails and unusually heavy traffic. No accidents occurred, however.

CLOVER LEAF'S NEW OFFICERS.

A circular announces the following officers for the Toledo, St. Louis and Western road, the successor to the Toledo, St. Louis and Kansas City:

General Superintendent—C. F. Franklin, of Springfield.

General Traffic Manager—C. D. Whitney, of Springfield.

Assistant General Passenger Agent—C. C. Jenkins, of Toledo.

Assistant General Freight Agent—Thos. J. Cook, of Cincinnati.

Acting General Auditor—E. O. Reed, of Toledo.

Assistant Secretary and Assistant Treasurer—M. L. Crowell, of Toledo.

Superintendent of Telegraph—N. McKinnon, of Toledo.

The office of general superintendent is to be removed from Toledo to Frankfort, Ind.

CAR INSPECTOR HURT.

Henry Meyers was brought home from Dunkirk, O., last night and he is now under the care of Dr. E. J. McOscar for treatment for a most painful injury, which will probably disable him several weeks. Mr. Meyers is a Pennsylvania car inspector and for some time has been stationed at Dunkirk, though his family resides here. Last night he fell from a car platform and wrenched his right knee. C. Roesner was sent down to Dunkirk to work until Mr. Meyers recovers.

INDUSTRIAL NOTES.

L. Linker, of the Pittsburg shops, is kept from work by the illness of his wife.

The interior of the Nickel Plate round house is receiving its first coat of whitewash.

The Kerr Murray works shipped a car load of gas machinery to Ashtabula, Ohio, yesterday.

R. J. Fisher is in southern Ohio in the interest of the Bass Foundry and Machine company.

A. L. Searles, of the Chicago office of the Fort Wayne Electric company, is in the city today.

Machinist Joseph Whittles, of the Nickel Plate, is en route to New York and other eastern cities, where he will spend a few weeks.

Sickness in his family keeps C. S. Johnson, a switchman, from his work in the Pittsburg yards.

Yard Engineer Charles Lehr, of the Pittsburg, is taking a lay off for the purpose of attending the races.

Ernest Reinewald and A. J. Klingenberger this morning took positions in the Pittsburg roundhouse.

C. Renken, a Pittsburg shopman, is off duty on account of injuries received while at work last Tuesday.

J. C. Klinkenberger, foreman of the cab builders at the Pittsburg shops, is taking a lay off to attend to private affairs.

Henry Kloepper, boilermaker, has returned from Toledo, where he spent several days in working for the Wabash.

John McDorman, who had a hand injured last week, resumed his duties in the Pittsburg blacksmith shop this morning.

W. D. Rowe, night yardmaster of the Wabash, is on duty again, after an illness of a week. He was at the hospital at Peru.

George Scheid, machinist in the Pittsburg shops, who had been off on account of an accident, resumed work this morning.

Nickel Plate Brakemen Staley and Davis have been placed in the regular service and with Conductor Howley now compose a train crew.

W. K. Noble placed an order with the Bass works today for a 150-horse power boiler. He is about to establish another hoop factory.

H. V. Johnson, traveling inspector for the Indiana Car Service association, was in the city yesterday, consulting with Local Agent H. M. Elliott.

Nickel Plate Brakeman J. C. Miller has been kept at home for two or three days on account of the illness of his wife, who has been ailing for some time.

W. E. Paul, of the Pittsburg planing mills, is a member of the excursion party which left this morning over the Lake Erie and Western for Niagara Falls.

Machinist W. S. Wells, of the Pittsburg shops, is in Richmond, Ind., looking after the interests of the Royal League, of which order he is grand archon.

The large Wabash steam shovel left this city this morning in charge of Engineer Bruns, for Wolcottville, on the Detroit division, where it will go into service.

Charles Buuck, a painter in the Pittsburg shops, is an enthusiastic horseman and never misses an opportunity to attend a race. He is taking a lay off this week for that purpose.

The sick lists at the Pittsburg shops were enlarged this morning by the following names: M. Conners, Jule Henry, J. R. Medsker, C. Doehrman, C. L. F. Gerke, P. Wenner and Harry Mills.

Three new men have been taken on in the Kerr Murray machine shop this week. They are Messrs. Henry Goings, Walter Tomkinson and A. Blum.

Mrs. Carpenter, wife of Engineer W. H. Carpenter, of the Pittsburg, and their children, left last night for Johnsburg, Pa., to visit relatives a few weeks.

Brakemen C. J. Smith and Joseph Hamilton are off duty, the former on account of sickness and the latter for the purpose of going fishing. They are employed on the Nickel Plate.

Messrs. H. Dickman, H. Schophorst, K. Meyer, J. H. Boltzel and A. Jordon, employes at the east car shops, who have been off duty for various reasons, reported for work yesterday.

Frank Fox, late of the Pennsylvania police department, now foreman of a large manufacturing establishment at Youngstown, Ohio, and his wife are visiting friends in the city.

C. M. Marshall, the Nickel Plate brakeman, who took a lay-off with the intention of taking a pleasure trip, has changed his mind in that connection and yesterday reported for duty on the road.

It is stated that the gross earnings of the Pennsylvania road for July were $700,000 in excess of those of July, 1899, in which month the earnings were larger than in any previous month in the road's history.

C. Vardaman has returned to railroading after being engaged otherwise for two years. He has secured a position as brakeman on the Nickel Plate. Two years ago he was a switchman in the company's yards in this city.

Brakeman P. M. Henderson, while out on his run on the Nickel Plate Tuesday night, was struck on the head with a piece of coal and painfully injured. In consequence of the accident he will be unable to work for a few days.

Charley Mason, the oldest engineer in the employ of the Northwestern Railway company, on the Galena division, and perhaps the oldest on the entire system, is dead. He was an engineer for thirty-seven years with the Northwestern.

John Dailey, an employ of the blacksmith department of the Kerr Murray works, lost a portion of the middle finger of his left hand yesterday by a heavy angle iron falling upon his hand. Dr. L. D. Sturgis dressed the wounded hand.

John M. Miller and W. D. Keim, Nickel Plate brakemen, have exchanged places and the former is now a member of Conductor Meyers' crew on the third district, while Mr. Keim is a member of Conductor Hosier's crew on the fourth district.

Edward Washburn, president and general manager of the Kansas City, Fort Scott and Memphis line, is seriously ill at Rye Beach, N. H. He was stricken while east on his summer's vacation, and his physicians say that he must drop all business cares and take a long rest. He will remain at Rye Beach for an indefinite period.

Orders for cars aggregating in value nearly $2,000,000 have just been taken by the Pressed Steel Car company to be made at the McKee's Rocks and Woods Run plants. Placing of orders to this extent within a few days is an excellent evidence of the strength that railway managers see in the business outlook. In this there is no better barometer than the railways. These orders all come from western roads.

Miss Edith Kesler, of Danville, Ill., passed through the city last evening en route to Middlepoint, Ohio, and left her pocketbook, containing several dollars, on a window sill at the Pennsylvania waiting room. Miss Mary McNierney found the purse and turned it over to Captain Stoll, who later forwarded it to the owner. Miss Kesler supposed she had left the purse on the Wabash train, and telegraphed Colonel Thompson, who in turn telegraphed to the conductor of the train and a search of the car was made, but without avail.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and $1.00. Guaranteed. Trial bottles free at Dreier Bros.' drug store.

CAUSED A SCARE.

Somebody saw a puff of smoke emerging from a Lakeside street car as it reached the transfer corner about 11 o'clock this morning and started a cry of fire. A big crowd quickly gathered and it was found that the strong electric current had burned out a fuse in the lower part of the car. There was no damage.

CAMP MEETING TONIGHT.

The program this evening at the colored camp meeting at the Driving park will be very interesting, and will consist, largely, of selections by the jubilee glee club. Old plantation melodies will be sung as well as gospel hymns. There will be brief addresses by several preachers present. On Saturday evening there will be a representation of the wedding ceremony as performed in the old slavery days. There were no meetings this afternoon.

CAN TRANSMIT AUTHORITY.

In the scheme of the Chinese government the emperor has absolute power, and is personally concerned with the smallest details, his signature being required for the most insignificant papers of the state except when he gives the great seal of the empire to a minister. This trinket transfers his power to the holder. Succession to the throne is not ruled by heredity. The heir is selected by the emperor himself from among the members of a younger generation of the imperial family. The late sovereign died before naming his successor, and the selection was made in 1875 by the famous dowager empress, who placed Kwangsu upon the throne.—Chicago Times-Herald.
